

# **Legislative Joint Auditing Committee Handbook**

2017-2018

# From the Legislative Auditor

Welcome to the Legislative Joint Auditing Committee (LJAC). Utilizing state resources effectively and efficiently has always been the desire of Arkansas's legislators, making independent, objective evaluations of the stewardship of these resources essential.

Arkansas Legislative Audit (ALA) provides oversight through multiple types of audits and other engagements each year. Utilizing the work of highly-qualified staff, ALA serves the General Assembly, the LJAC, and the citizens of Arkansas by promoting sound financial management and accountability of public resources entrusted to the various governmental entities. The location of ALA within the legislative branch of government provides organizational independence recognized under government auditing standards, allowing our work to be conducted in an unbiased, non-partisan manner. ALA strictly adheres to the standards of the auditing profession.

This handbook is designed to familiarize you with LJAC, ALA, its staff, and its work and to answer common questions. We look forward to working with you and invite any additional questions you may have.

Sincerely,

Roger A. Norman, JD, CPA, CFE, CFF

## What is the Legislative Joint Auditing Committee (LJAC)?

### Co-Chairs

Senator  
Jimmy Hickey, Jr.  
  
Representative  
Richard Womack

Created in 1953, the Legislative Joint Auditing Committee (LJAC) is responsible for the auditing of state government entities and is comprised of 16 Senate members and 20 House members. The President Pro Tempore of the Senate, Speaker of the House of Representatives, immediate past LJAC Co-Chairs, and Legislative Council Co-Chairs and Co-Vice Chairs serve as ex-officio members. The 2017-2018 LJAC members can be found on the General Assembly's website at [www.arkleg.state.ar.us](http://www.arkleg.state.ar.us) by selecting "Committees," as shown at right.

### Vice Co-Chairs

Senator  
Lance Eads  
  
Representative  
Mary Bentley

The LJAC Co-Chairs assign members to three Standing Committees on state agencies, educational institutions, and counties and municipalities. The LJAC Co-Chairs and the Standing Committee Chairs compose the LJAC Executive Committee. When the General Assembly is not in session, the full LJAC meets on the second Friday of each month; the three Standing Committees and Executive Committee meet on the preceding Thursday.

## What is Arkansas Legislative Audit (ALA)?

ALA was created in 1953 to serve the General Assembly, the LJAC, and Arkansas citizens by promoting sound financial management and accountability in state government.

ALA staff complete over 1,000 engagements annually involving entities of the State and its political subdivisions. The reports that result from these engagements normally include recommendations that, if implemented, should improve management of public funds.

*ALA's enabling legislation can be found at Arkansas Code Annotated §§ 10-4-401 – 10-4-427.*

## What types of reports does ALA produce?

While all ALA reports are sometimes referred to as "audits," ALA staff actually produce many types of specialized reports as a result of engagements at state agencies, counties, municipalities, prosecuting attorneys' offices, and educational institutions:

- ◆ A **financial audit** is an independent assessment of an entity's financial statements for accuracy and completeness.
- ◆ A **financial and compliance engagement** is conducted to determine if entities are complying with state laws and regulations and accepted accounting practices.
- ◆ An **internal control and compliance assessment** examines accounting practices; internal controls in place to protect public resources from fraud, waste, and abuse; and compliance with the entity's internal policies as well as state laws and regulations.
- ◆ An **information systems audit** may be conducted simultaneously with other engagements to evaluate an entity's information processing systems (e.g., passwords, disaster recovery, etc.).

(continued)

## What types of reports does ALA produce? (cont.)

- ◆ An **investigative report** usually involves examination of bank accounts, invoices, deposits, disbursements, and other transactions to detect misappropriation of public funds.
- ◆ A **special report** is designed to address specific concerns and interests of the LJAC regarding efficient and effective use of public resources by a particular entity or in a specific program.
- ◆ A **performance audit** provides objective analysis of government programs to assist management and those charged with governance and oversight with improving performance and to further contribute to the public accountability of resources.

Notably, ALA staff audit the State's Comprehensive Annual Financial Report (CAFR) prepared by the Department of Finance and Administration. Additionally, ALA staff conduct the Statewide Single Audit, including the Schedule of Expenditures of Federal Awards (SEFA) that examines use of various federal grant awards in the State.

By law, all reports that disclose unaccounted for funds or property, unauthorized disbursements, or matters that appear to involve a criminal offense are referred by the Legislative Auditor to the appropriate prosecuting attorney.

*In 2016, 191 matters totaling \$11.1 million in improper transactions were referred to the State's prosecuting attorneys.*

## What happens after a report is completed?

Reports are presented to the LJAC or one of its Standing Committees before becoming available to any other legislative committee or to the public. After presentation, reports become publicly available on the ALA website at [www.arklegaudit.gov](http://www.arklegaudit.gov). In some instances, the LJAC Co-Chairs may approve a report for "early release" so that it is made public prior to presentation to the LJAC or a Standing Committee.

## How do I find a previously-issued report?

All reports issued by ALA from 1998 to the present are available in a searchable database on the ALA website at [www.arklegaudit.gov](http://www.arklegaudit.gov). Reports issued prior to 1998 can be obtained by calling the ALA office at 501-683-8600.

## How do I request a special audit, report, or investigation?

A member of the General Assembly may submit a written request to the LJAC Co-Chairs for a special audit, report, or investigation regarding an entity or topic not included in the scope of ALA's typical work. The request is then reviewed by the Executive Committee and either approved or not approved.

## What are the professional requirements for ALA staff?

Because the auditing profession is highly regulated, ALA auditors are required to adhere to auditing and accounting standards from a number of national regulatory and professional entities, including the Governmental Accounting Standards Board, the Financial Accounting Standards Board, the American Institute of Certified Public Accountants, and the Government Accountability Office.

Based on these extensive, complex standards, all applicants for professional audit positions must have college degrees with sufficient accounting and total credit hours to qualify them to take the Uniform Certified Public Accountant (CPA) examination and become a licensed CPA in the State of Arkansas.

ALA currently employs 271 professional staff and 11 support staff. As of February 14, 2018, professional staff had achieved the following designations:

- ◆ 166 Certified Public Accountants (CPA)
- ◆ 51 Certified Fraud Examiners (CFE)
- ◆ 11 Certified in Financial Forensics (CFF)
- ◆ 10 Certified Information Systems Auditors (CISA)
- ◆ 3 Attorneys (JD)

## Who "audits the auditors"?

Government auditing standards require all organizations conducting government audits to establish and maintain a system of quality control. ALA demonstrates commitment to the highest standards for auditing work by voluntarily agreeing to both internal and external quality control procedures.

Internally, ALA's Quality Assurance personnel inspect reports and related audit documentation and monitor ALA's Continuing Professional Education activities. Quality Assurance personnel also review relevant literature issued by auditing and accounting authoritative bodies, communicate new or amended standards to ALA staff, and assist in implementing appropriate standards.

Externally, ALA undergoes a quality control review (also known as a "peer review") every three years by members of the National State Auditors Association. A bi-annual financial audit is also performed by a private CPA firm to ensure stewardship of public funds entrusted to ALA.

The logo features the word "FAST" in a large, bold, red font with a horizontal motion blur effect behind the letters. To the right of "FAST", the word "facts" is written in a smaller, blue, sans-serif font.

*In its most recent peer review, ALA received the highest opinion possible from the National State Auditors Association.*

## Who makes up ALA's executive management team?

In addition to the Legislative Auditor, ALA's executive management team consists of seven professional staff who have over 175 combined years of experience at ALA. These staff members are all stationed in Little Rock and maintain offices in the State Capitol or the nearby Victory Building. ALA staff includes 22 additional audit managers and supervisors in Little Rock and districts around the State who oversee the work of auditors in the field.
