LEGISLATIVE JOINT AUDITING COMMITTEE DIVISION OF LEGISLATIVE AUDIT

INDEPENDENT AUDITOR'S REPORT

Southeast Arkansas Education Service Cooperative and Executive Board Members
Legislative Joint Auditing Committee

We have audited the accompanying general purpose financial statements of the Southeast Arkansas Education Service Cooperative as of and for the year ended June 30, 2001, as listed in the table of contents. These financial statements are the responsibility of Southeast Arkansas Education Service Cooperative's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Southeast Arkansas Education Service Cooperative as of June 30, 2001, and the results of its operations for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated September 13, 2002 on our consideration of the Southeast Arkansas Education Service Cooperative's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Our audit was performed for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The accompanying financial information listed as supporting schedules in the table of contents, including the schedule of Expenditures of Federal Awards as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, is presented for purposes of additional analysis and is not a required part of the general purpose financial statements of the Southeast Arkansas Education Service Cooperative. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and in our opinion, is fairly stated, in all material respects, in relation to the general purpose financial statements taken as a whole.

LEGISLATIVE JOINT AUDITING COMMITTEE DIVISION OF LEGISLATIVE AUDIT

COMBINED REPORT(S) ON COMPLIANCE, INTERNAL CONTROLS AND OTHER MATTERS

Southeast Arkansas Education Service Cooperative and Executive Board Members
Legislative Joint Auditing Committee

The underlying purpose of this letter is to convey certain observations and recommendations regarding state and federal compliance and internal control in conjunction with our audit of the Southeast Arkansas Education Service Cooperative. This letter reflects various requirements and pronouncements of the American Institute of Certified Public Accountants (AICPA), the United States General Accounting Office (GAO), the United States Office of Management and Budget (OMB), the Single Audit Act of 1984 and the Single Audit Act Amendments of 1996. Section I of this letter is designed to satisfy certain requirements for compliance and internal control over financial reporting, whereas, Section II is designed to satisfy certain requirements for compliance requirements applicable to each major federal award program and internal control over compliance in accordance with OMB Circular A-133.

SECTION I: REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

We have audited the general purpose financial statements of the Southeast Arkansas Education Service Cooperative, as of and for the year ended June 30, 2001, and have issued our report thereon dated September 13, 2002. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Southeast Arkansas Education Service Cooperative's general purpose financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of the state constitution, state and federal laws and regulations, and federal contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Southeast Arkansas Education Service Cooperative internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the general purpose financial statements and not to provide assurance on the internal control over financial reporting. However, we noted certain matters involving the internal control over financial reporting and its operation that we consider to be reportable conditions. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect the Southeast Arkansas Education Service Cooperative's ability to record, process, summarize and report financial data consistent with the assertions of management in the financial statements. Reportable conditions are disclosed below in the Audit Findings section of this letter.

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the general purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, of the reportable conditions described above, we consider the finding below to be a material weakness. Other matters involving compliance and/or internal control were reported to Southeast Arkansas Education Service Cooperative's management in a separate letter.

AUDIT FINDING

Reportable Condition(s)

The Southeast Arkansas Education Service Cooperative had inadequate control over cash transactions because of insufficient segregation of duties due to a limited number of personnel.

SECTION II: REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR FEDERAL AWARD PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Compliance

We have audited the compliance of the Southeast Arkansas Education Service Cooperative with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2001. The Southeast Arkansas Education Service Cooperative's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of Federal Award Programs - Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the Southeast Arkansas Education Service Cooperative's management. Our responsibility is to express an opinion on the Southeast Arkansas Education Service Cooperative's compliance based on our audit.

We conducted our audit of compliance in accordance with generally accepted auditing standards; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Southeast Arkansas Education Service Cooperative's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Southeast Arkansas Education Service Cooperative's compliance with those requirements.

In our opinion, the Southeast Arkansas Education Service Cooperative complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2001.

Internal Control Over Compliance

The management of the Southeast Arkansas Education Service Cooperative is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the Southeast Arkansas Education Service Cooperative's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133. Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control

that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

These reports are intended for the information and use of the Legislative Joint Auditing Committee, state executive and oversight management, Southeast Arkansas Education Service Cooperative management, the federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specific parties. However, this report is a matter of public record and its distribution is not limited.

SOUTHEAST ARKANSAS EDUCATION SERVICE COOPERATIVE
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2001

NOTE 1: Summary of Significant Accounting Policies

A. Reporting Entity

The Board of Directors, a twenty-one (21) member group, is the level of government which has responsibilities over all activities within the jurisdiction of the Southeast Arkansas Education Service Cooperative. The Cooperative serves Arkansas, Ashley, Bradley, Chicot, Cleveland, Desha, Drew and Lincoln counties. The Cooperative's financial statements reflect all funds and accounts directly under the control of the Cooperative. There are no component units.

B. Basis of Presentation - Fund Accounting

The accounts are maintained in accordance with the principles of fund accounting. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts, which are segregated for purposes of recording specific activities or attaining certain objectives. Account groups are used to establish accounting control and accountability for general fixed assets and general long-term debt. The following types of funds and account groups are recognized in the accompanying financial statements, if applicable:

Governmental Funds

General Fund – The General Fund is the general operating fund and is used to account for all financial resources, except those required to be accounted for in another fund.

Special Revenue Funds – Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than major capital projects) that are legally restricted to expenditures for specific purposes.

Capital Projects Funds – Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities.

Fiduciary Funds

Trust and Agency Funds – Trust and Agency Funds are used to account for assets held by the entity in a trustee capacity or as an agent for individuals, other governmental units, and other funds.

Account Groups

General Fixed Assets – to account for all fixed assets of the entity.

General Long-term Debt – to account for all long-term debt of the entity.

C. Basis of Accounting

All governmental funds are accounted for using the modified accrual basis of accounting. Revenues are recognized when measurable and available. Available means collectible within the current period or soon enough thereafter to pay current liabilities. Expenditures are generally recognized when the related fund liability is incurred. Exceptions include: (1) unmatured principal and interest on general long-term debt which is recognized when due; and (2) prepaid expenses, which are not recorded.

NOTES TO FINANCIAL STATEMENTS

NOTE 1: Summary of Significant Accounting Policies (Continued)

D. General Fixed Assets

General fixed assets purchased are recorded as expenditures in the applicable fund at the time of purchase. Such assets are reported at cost or estimated historical cost, if actual data is not available, in the general fixed assets account group. Donated fixed assets are reported at fair market value when received in the general fixed assets account group. Library holdings and textbooks are not capitalized. In accordance with generally accepted accounting principles applicable to governmental entities, no provision for depreciation is reported. Interest costs incurred during the period of construction were not capitalized.

E. Inventories

Inventories are considered expenditures when purchased.

F. Liability for Compensated Absences

The accompanying financial statements do not include a liability for compensated absences as the amount is not material.

G. Fund Equity

Undesignated fund balance indicates that portion of fund equity not reserved or designated.

H. Budget and Budgetary Accounting

The Cooperative is required by state law to prepare an annual budget. The annual budget is prepared on a fiscal year basis. The State Department of Education's regulations allow for the cash basis or the modified accrual basis. However, the majority of cooperatives employ the cash basis method.

I. Encumbrances

Encumbrances are defined as commitments related to unperformed contracts for goods or services. The Cooperative does not record encumbrances in its accounting system and none are reported in the accompanying financial statements.

NOTE 2: Commitments

The Cooperative was contractually obligated for the following at June 30, 2001:

NOTE 8: Retirement Plan (Continued)

Arkansas Teacher Retirement System (Continued)

Funding Policy. ATRS has contributory and non-contributory plans. Contributory members are required by law to contribute 6% of their salary. Each participating employer is required by law to contribute at a rate established by the Arkansas General Assembly. The current employer rate is 12%. The employer contribution was paid by the Department of Education from the Public School Fund, except for those employees paid from federal funding. Employer contributions for those employees were paid by the Cooperative. The employer contribution for nonfederal funded members was the lesser of the result of multiplying the applicable percent of active member payroll for the fiscal year by the total covered salaries of the previous fiscal year, including any prior year reported salaries, or the amount appropriated by the Arkansas General Assembly. The Department of Education determines the amount funded. The Department of Education's contributions to ATRS for the Cooperative during the years ended June 30, 2001, 2000 and 1999 were \$264,732, \$234,419 and \$223,072, respectively. The Cooperative's contributions to ATRS for federally funded employees for the years ended June 30, 2001, 2000 and 1999 were \$75,088, \$57,174 and \$68,389, respectively, equal to the required contributions for each year.

NOTE 9: On-Behalf Payments

The accompanying financial statements reflect on-behalf payments for health insurance premiums paid by the Arkansas Department of Education in the amount of \$80,878. Additionally, these financial statements include on-behalf payments for retirement matching paid to the Arkansas Teacher Retirement System by the Arkansas Department of Education totaling \$264,732.
