# LEGISLATIVE JOINT AUDITING COMMITTEE ARKANSAS LEGISLATIVE AUDIT

# **INDEPENDENT AUDITOR'S REPORT**

Arkansas Northeastern College Legislative Joint Auditing Committee

#### Report on the Audit of the Financial Statements

#### **Opinions**

We have audited the financial statements of the business-type activities and the discretely presented component unit of Arkansas Northeastern College (College), an institution of higher education of the State of Arkansas, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the College's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the report of other auditors, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the discretely presented component unit of the College as of June 30, 2024, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the Arkansas Northeastern College Foundation, Inc. (Foundation), which represents 100% of the assets and revenues of the discretely presented component unit. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Foundation, is based solely on the report of the other auditors. The financial statements of the Foundation were not audited in accordance with *Government Auditing Standards*.

# **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the College and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the College's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the College's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### Report on Comparative Information

The financial statements include partial prior-year comparative information, which has been derived from a complete set of financial statements. Such information does not include all of the information required to constitute a presentation in accordance with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the College's financial statements for the year ended June 30, 2023, from which such partial information was derived. We have previously audited the College's 2023 financial statements, and we expressed unmodified opinions on the respective financial statements of the business-type activities and the discretely presented component unit in our report dated June 27, 2024. In our opinion, the comparative information presented herein as of and for the year ended June 30, 2023, is consistent, in all material respects, with the audited financial statements from which it has been derived.

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, certain information pertaining to postemployment benefits other than pensions, and certain information pertaining to pensions on pages 7-9, 38-39, and 40-41 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Management is responsible for the other information included in the annual report. The other information comprises the Schedule of Selected Information for the Last Five Years (Schedule 1) but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 26, 2025 on our consideration of the College's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the College's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control over financial reporting and compliance.

Rep. Robin Lundstrum House Chair Rep. RJ Hawk House Vice Chair

# LEGISLATIVE JOINT AUDITING COMMITTEE ARKANSAS LEGISLATIVE AUDIT

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

#### **INDEPENDENT AUDITOR'S REPORT**

Arkansas Northeastern College Legislative Joint Auditing Committee

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to the financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of the business-type activities and the discretely presented component unit of the Arkansas Northeastern College (College), an institution of higher education of the State of Arkansas, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the College's basic financial statements, and have issued our report thereon dated June 26, 2025. Our report includes a reference to other auditors who audited the financial statements of the Arkansas Northeastern College Foundation, Inc. (Foundation), as described in our report on the College's financial statements. The financial statements of the Foundation were not audited in accordance with *Government Auditing Standards*, and accordingly, this report does not include reporting on internal control over financial reporting or compliance and other matters associated with the Foundation or that are reported on separately by those auditors who audited the financial statements of the Foundation.

### **Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the College's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we do not express an opinion on the effectiveness of the College's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the College's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

#### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the College's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of the state constitution, state laws and regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted a certain matter that we reported to management of the College in a separate letter dated June 26, 2025.

# **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the College's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

#### MANAGEMENT LETTER

Arkansas Northeastern College Legislative Joint Auditing Committee

STUDENT ENROLLMENT DATA – In accordance with Ark. Code Ann. § 6-60-209, we performed tests of the student enrollment data for the year ended June 30, 2024, as reported to the Arkansas Division of Higher Education, to provide reasonable assurance that the data was properly reported. The enrollment data reported was as follows:

	Fall Term	Spring Term	Summer I Term
	2023	2024	2024
Student Headcount	1,461	1,422	470
Student Semester			
Credit Hours	10,715	10,405	2,059

During our review, nothing came to our attention that would cause us to believe that the student enrollment data was not substantially correct.

This letter is intended solely for the information and use of the Legislative Joint Auditing Committee, the governing board, College management, state executive and oversight management, and other parties as required by Arkansas Code, and is not intended to be and should not be used by anyone other than these specified parties. However, pursuant to Ark. Code Ann. § 10-4-417, all reports presented to the Legislative Joint Auditing Committee are matters of public record and distribution is not limited.

# Management's Discussion and Analysis (Unaudited)

#### **NATURE OF OPERATIONS**

Arkansas Northeastern College (ANC) is a community college serving Mississippi County and the surrounding area by providing accessible, quality educational programs, services, and lifelong learning opportunities.

#### FINANCIAL STATEMENT PRESENTATION

Effective July 1, 2003, Mississippi County Community College and Cotton Boll Technical Institute merged to establish the Arkansas Northeastern College.

The financial statements of Arkansas Northeastern College have been prepared on an accrual basis, including the depreciation of capital assets. The financial statement presentation required by GASB Statements no. 34 and no. 35 provides a comprehensive, entity-wide perspective of the College's assets, liabilities, net position, revenue, expenses, changes in net position, cash flows, and replaces the fund group perspective previously required.

Published in April 2000, the Governmental Accounting Standards Board (GASB) Statement no. 35, "Basic Financial Statements – Management's Discussion and Analysis for Public Colleges and Universities" is an amendment of GASB Statement no. 34. As originally issued, Statement no. 34, "Basic Financial Statements – Management's Discussion and Analysis for State and Local Governments" was not applicable to public colleges and universities. Rather than issuing separate standards, GASB decided to provide financial reporting guidance for public colleges and universities by amending Statement no. 34 to extend its applicability to include public colleges and universities. GASB Statement no. 35 supersedes GASB Statement no.15. Statement no. 15 allowed public colleges and universities to choose one of two models when preparing financial statements. Public colleges and universities could choose the model contained in the 1973 AICPA Industry Audit Guide, Audits of Colleges and Universities (AICPA College Guide Model) or the Governmental Model. As an institution of higher education of the State of Arkansas, Arkansas Northeastern College implemented GASB requirements on the same timeline as the State of Arkansas on June 30, 2002.

Generally, GASB Statement no. 35 permits colleges and universities to report as a special-purpose government engaged in business-type activities (BTA). BTA reporting requires an institution, in separately issued reports, to include a Management's Discussion and Analysis (MD and A), basic financial statements, and required supplementary information (RSI). This includes a MD and A, a Statement of Net Position, a Statement of Revenues, Expenses, and Changes in Net Position, a Statement of Cash Flows, notes to the financial statements, and other applicable supplementary information.

The required basic financial statements are prepared using the economic resources measurement and the accrual basis of accounting. This means essentially full business accounting recording depreciation of capital assets. The straight-line method is being used. Revenues are recognized in the accounting period in which they are earned and become measurable. Expenses are recognized in the period in which they are incurred including depreciation.

#### STATEMENT OF NET POSITION

The Statement of Net Position presents the assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position of the College at the end of the fiscal year and includes all assets and liabilities of the College. The purpose of this statement is to present a fiscal snapshot of the College. The difference between total assets and total liabilities is net position, which is one indicator of the current financial condition of the College. The change in net position also indicates whether the College's overall financial condition has improved or worsened during the year. The Statement of Net Position also presents assets available for operations and allows readers to determine how much the College owes vendors and other institutions. The net position is divided into net investment in capital assets, restricted, and unrestricted categories. Net position at June 30, 2024 was \$25,408,621.

For review purposes, current assets consist primarily of cash and receivables. Noncurrent assets consist of capital assets, such as land, buildings, infrastructure and improvements, equipment, and restricted cash and cash equivalents. Current assets and noncurrent assets were \$11,723,282 and \$26,526,357, respectively. Deferred outflows of resources were \$2,503,814. Total assets and deferred outflows of resources were \$40,753,453 at June 30, 2024.

Current liabilities consist primarily of vendor payments, an amount of accrued compensated absences for employees, unearned revenues, interest payable, bonds payable, leases payable, subscription-based information technology arrangement (SBITA) payable, and the current portion of other post-employment benefits payable. Noncurrent liabilities of the College are accrued compensated absences, other post-employment benefits, net pension liability, bonds payable, leases payable, and SBITA payable. Total current and noncurrent liabilities were \$1,419,174 and \$13,491,543, respectively. Deferred inflows of resources were \$434,115. Total liabilities and deferred inflows of resources were \$15,344,832 at June 30, 2024.

# Management's Discussion and Analysis (Unaudited)

## **STATEMENT OF NET POSITION (Continued)**

A condensed Comparative Statement of Net Position is presented below:

Assets:		June 30, 2024		June 30, 2023
Current Assets	\$	11,723,282	\$	10,813,159
Noncurrent Assets - Noncapital Assets		5,525,321		4,121,668
Noncurrent Assets - Capital Assets, Net		21,001,036		21,841,350
Total Assets	\$	38,249,639	\$	36,776,177
Deferred Outflows of Resources		2,503,814		2,426,623
Total Assets and Deferred Outflows of Resources	\$	40,753,453	\$	39,202,800
Liabilities:				
Current Liabilities	\$	1,419,174	\$	1,301,120
Noncurrent Liabilities		13,491,543		12,764,252
Total Liabilities	\$	14,910,717		14,065,372
Deferred Inflows of Resources		434,115		658,644
Total Liabilities and Deferred Inflows of Resources	ows of Resources \$ 15,344,832		\$	14,724,016
Net Position:				
Net Investment in capital assets	\$	15,157,857	\$	15,787,441
Restricted for scholarships		211,065		202,722
Restricted for maintenance		1,000,000		800,000
Restricted for other purposes		1,794,836		1,211,620
Unrestricted		7,244,863		6,477,001
Total Net Position	\$	25,408,621	\$	24,478,784
Total Liabilities and Deferred Inflows of Resources and Total Net Position	\$	40,753,453	\$	39,202,800

A summary of capital assets is presented in Note 4 of the accompanying notes to financial statements. Depreciation and amortization expense of \$1,277,937 was reported for the year ended June 30, 2024.

#### STATEMENT OF REVENUES, EXPENSES, AND CHANGES IN NET POSITION

This statement presents the results of operations for the College for year ending June 30, 2024. The total net position presented in the Statement of Net Position is based on information presented in this statement. This statement presents revenues received by the College (operating and non-operating) and expenses paid by the College (operating and non-operating) during the fiscal year.

Generally, operating revenues are received for providing goods and services to students and other constituencies of the College. These revenues include student tuition and fee payments (net of scholarship allowances), federal, state and local grants, auxiliary enterprises, and other operating revenues. Operating revenues were \$6,012,064 for the year ended June 30, 2024. Non-operating revenues are revenues received for which goods and services are not provided. These revenues include state appropriations, property taxes, gifts, investment income, and Pell grants. State appropriations are considered non-operating because the Arkansas State Legislature provides them to the College without the Legislature directly receiving commensurate goods and services for those revenues. Net non-operating revenues and expenses were \$14,579,447 for the year ended June 30, 2024.

Operating expenses are those expenses paid to acquire goods and services provided in return for operating revenues and to carry out the mission of the college. The operating expenses are presented in this statement in what is considered natural classifications such as personal services, supplies and services, scholarships and fellowships, and depreciation and amortization. Operating expenses were \$19,666,250 for the year ended June 30, 2024, including depreciation and amortization expense of \$1,277,937.

# Management's Discussion and Analysis (Unaudited)

#### STATEMENT OF REVENUES, EXPENSES, AND CHANGES IN NET POSITION (Continued)

A condensed Comparative Statement of Revenues, Expenses and Changes in Net Position is presented below:

	June 30, 2024	June 30, 2023
Operating Revenues	\$ 6,012,064	\$ 6,829,416
Operating Expenses	19,666,250	22,528,534
Operating Income (Loss)	(13,654,186)	(15,699,118)
Net Non-Operating Revenues (Expenses)	14,579,447	14,507,110
Income (Loss) Before Other Revenues, Expenses, Gains or Losses	\$ 925,261	\$ (1,192,008)
Other Revenues, (Expenses), Gains, or (Losses)	4,576	3,250
Change in Net Position	\$ 929,837	\$ (1,188,758)
Net Position- Beginning	24,478,784	25,667,542
Total Net Position - Ending	\$ 25,408,621	\$ 24,478,784

Significant operating revenues for the year ended June 30, 2024, included federal grants and contracts of \$2,072,887, tuition and fees of \$1,970,609 and state and local grants and contracts of \$1,313,987. These categories represented 89% of the College's operating revenues. Operating expenses included personal services of \$12,303,538, supplies and services of \$5,457,165, and scholarships and fellowships of \$627,610. These categories represented 94% of total operating expenses.

Significant non-operating revenues included state appropriations of \$10,861,246, federal grants and contracts (Pell awarded) of \$1,941,714, property taxes of \$966,690, and gifts of \$660,376. Significant non-operating expenses included interest on capital asset-related debt of \$248,829.

#### STATEMENT OF CASH FLOWS

The Statement of Cash Flows presents a detailed look at the College's cash activity during the fiscal year. The first part of this statement shows cash flows from operating activities and the net cash used by the operating activities. The second part reflects cash flows from noncapital financing activities such as state appropriations. The third part deals with the cash used for capital and related financing activities. The fourth part reflects cash flows from investing activities. The final part is a reconciliation of net cash used by operating activities to the operating income or loss reflected on the Statement of Revenues, Expenses, and Changes in Net Position.

# **ECONOMIC OUTLOOK**

Like other state institutions and agencies, there was no significant change in the College's state appropriations for the fiscal year 2024. Although economic indicators are improving with steady enrollment and industrial training, the College is not expecting to see an increase in the amount of state funding for the 2024-2025 biennium and is prepared for a possible decrease in funding. The College has taken a conservative budgeting approach to estimating future funding and, as a result, has included reductions in operating expenditures to maintain a balanced budget in future periods.

Careful monitoring of the external economic environment in conjunction with a conservative budgeting process will enable the College to maintain sufficient resources to react to uncertain economic times and avoid interruptions in normal operations.

#### **CAPITAL ASSETS**

Capital Assets are recorded at cost at the date of acquisition or acquisition value at the date of donation. Library holdings are reported at a stated rate per volume. The College follows the State guidelines for capitalization. Renovations to buildings, infrastructure, and improvements that significantly increase the value or extend the useful life of the asset are capitalized. Routine repairs and maintenance are charged to operating expense in the year in which the expense is incurred. Intangible assets will be capitalized when the cost equals or exceeds \$100,000.

Depreciation is computed using the straight-line method over the useful lives of the assets; 30-50 years for buildings, 15-30 years for improvements and infrastructure, 10 years for library holdings, and 5 to 20 years for equipment and vehicles.

#### NOTE 1: Summary of Significant Accounting Policies

#### Reporting Entity

Arkansas Northeastern College, an institution of higher education was established under the provisions of Act 103 of 1973. On December 14, 1974, the establishment of a community college district and the levying of a three mill tax were approved by the voters. The governing body is the Board of Trustees composed of nine members appointed by the Governor of Arkansas. Effective July 1, 2003, Cotton Boll Technical Institute was merged with Mississippi County Community College to establish Arkansas Northeastern College.

The College's financial statements reflect all funds and accounts directly under the control of the College. The Arkansas Northeastern College Foundation, Inc. (the Foundation) is a legally separate, tax-exempt component unit of Arkansas Northeastern College (the College). The Foundation acts primarily as a fund-raising organization to supplement the resources that are available to the College in support of its programs. The 17 member board of the Foundation is self-perpetuating and consists of residents of the area. Although the College does not control the timing or amount of receipts from the Foundation, the majority of resources or income thereon, which the Foundation holds and invests are restricted to the activities of the College by donors. Because these restricted resources held by the Foundation can only be used by, or for the benefit of the College, the Foundation is considered a component unit of the College and is discretely presented in the College's financial statements.

The Foundation reports under the requirements of the Not-for-Profit Entities Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification. As such, certain revenue recognition criteria and presentation features differ from GASB revenue recognition criteria and presentation. No modifications have been made to the Foundation's financial information in the College's financial statements.

During the year ended June 30, 2024, the Foundation distributed \$266,404 to the College for scholarships. Complete financial statements for the Foundation can be obtained from the Business Office, Arkansas Northeastern College, P.O. Drawer 1109, Blytheville, Arkansas, 72316.

# Financial Statement Presentation

In June 1999, the Governmental Accounting Standards Board (GASB) issued Statement no. 34, *Basic Financial Statements - and Management Discussion and Analysis - for State and Local Governments*. GASB Statement no. 35, *Basic Financial Statements - and Management's Discussion and Analysis - for Public Colleges and Universities*, followed this in November 1999.

In June 2011, the GASB issued Statement no. 63, Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position. This statement provides financial reporting guidance for deferred outflows of resources and deferred inflows of resources. The use of net position as the residual of all other elements presented in a statement of financial position has also been identified. This statement amends the net asset reporting requirement in Statement no. 34 and other pronouncements by incorporating deferred outflows of resources and deferred inflows of resources into the definitions of the required components of the residual measure and by renaming that measure as net position, rather than net assets.

The financial statement presentation required by GASB no. 34 and no. 35, as amended, provides a comprehensive, entity-wide perspective of the College's assets, liabilities, net position, revenues, expenses, changes in net position, cash flows, and replaces the fund-group perspective previously required.

#### Basis of Accounting

For financial reporting purposes, the College is considered a special-purpose government engaged only in business-type activities. Accordingly, the College's financial statements have been presented using the economic resources focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation is incurred. All significant intra- agency transactions have been eliminated.

#### NOTE 1: Summary of Significant Accounting Policies (Continued)

#### Capital Assets and Depreciation

Land, buildings, improvements and infrastructure, equipment, and construction in progress are reported at cost or estimated historical cost if actual data is not available. Donated capital assets as defined by GASB Statement no. 72, Fair Value Measurement and Application, are reported at acquisition value when received. Library holdings are reflected at a stated rate per volume and consist of books only. The College follows the State guidelines for capitalization. Intangible assets will be capitalized when the cost equals or exceeds \$100,000.

Depreciation is computed using the straight-line method over the estimated lives of the assets, generally 30 to 50 years for buildings, 15 to 30 years for infrastructure and improvements, 10 years for library holdings, and 5 to 20 years for equipment and vehicles.

#### Operating and Nonoperating Revenues

The College has classified its revenues as either operating or non-operating revenues according to the following criteria:

Operating revenues result from activities that have characteristics of exchange transactions; that is, the College receives payment in exchange for providing services or products to students or other constituencies. Student tuition and fees, net of scholarship allowances, and most federal, state, and local grants are the primary categories of operating revenues for the College.

Nonoperating revenues are those revenues that result from nonexchange transactions or from activities specifically defined as nonoperating by the GASB. State appropriations are considered nonoperating under the definitions set forth by the GASB because the College does not provide a direct and commensurate benefit to the legislature in exchange for such funding. Other items categorized as nonoperating revenues included property taxes, gifts, investment income, and some federal grants.

#### Cash Equivalents

For purposes of financial statement presentation, the College considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

#### Accounts Receivable

Accounts receivable consists of tuition and fee charges to students. Accounts receivable also includes amounts due from federal, state, and local entities in connection with reimbursement of allowable expenditures made pursuant to the College's grant and contracts.

#### **Investments**

Investments are stated at cost under the provisions of Statement no. 31 of the Governmental Accounting Standards Board. Investments consist of certificates of deposit classified as nonparticipating contracts.

#### Inventories

Inventories are valued at cost with cost being generally determined on a first-in, first-out basis.

#### Right to Use Assets

The College has accounted for the authority to use these assets on the Statement of Net Position and amortizes them over the term of the contract.

#### NOTE 1: Summary of Significant Accounting Policies (Continued)

#### Leases and Subscription-Based Information Technology Arrangements (SBITA) Payable

The College has leases for copiers and a subscription arrangement with Jenzabar. The assets are recorded on the Statement of Net Position and amortized over the term of the contracts. The amount payable over the contract is recorded as a lease and SBITA payables on the Statement of Net Position. Additionally, this was the first year to record SBITA due to the SBITA commencement date, as directed in GASB Statement no. 96.

Detailed information on leases and SBITA payable can be found in Note 10.

#### Noncurrent Cash and Investments

Cash and investments that are restricted to purchase or to construct capital assets are classified as noncurrent assets in the Statement of Net Position. Additionally, this classification includes other long-term investments with original maturity dates greater than one year.

#### Restricted/Unrestricted Resources

The College has no formal policy addressing which resource to use when both restricted and unrestricted net position are available for the same purpose. College personnel decide which resources to use at the time the expense are incurred.

#### **Unearned Revenues**

Unearned revenues include, but are not limited to, amounts received for tuition and fees prior to the end of the fiscal year but related to the subsequent accounting period. These are considered liabilities of the College until earned.

#### Compensated Absences Payable

Compensated absences payable represents the College's liability for unused annual and sick leave and related matching costs at June 30, 2024.

#### Noncurrent Liabilities

Noncurrent liabilities include (1) principal amounts of bonds payable with contractual maturities greater than one year; (2) estimated amounts for accrued compensated absences and related matching costs that will not be paid within the next fiscal year; (3) other postemployment benefits (Note 12); (4) net pension liability (Note 7); and principal amounts of leases and SBITAs payable with contractual maturities greater than one year (Note 10).

# **Property Taxes**

Property taxes are levied in November based on property assessments made between January 1 and May 31 and are an enforceable lien on January 1 for real property and June 1 for personal property. The tax records are opened on the first business day in March of the year following the levy date and are considered delinquent after October 15 of the same calendar year.

# Scholarship Discounts and Allowances

Student tuition and fees, and certain other revenues from students are reported net of scholarship discounts and allowances in the Statement of Revenues, Expenses, and Changes in Net Position. Scholarship discounts and allowances are the difference between the College's stated rates and changes for goods and services and the amount actually paid by students and/or third parties making payments on behalf of the students. Under this approach, scholarships awarded by the College are considered as reductions in tuition and fee revenues rather than expenses. Additionally, certain government grants, such as Pell grants, and payments from other federal, state or nongovernmental programs, are required to be recorded as either operating or nonoperating revenues in the College's financial statements. To the extent that revenues from such programs are applied to tuition, fees, and other student charges, the College has recorded a corresponding scholarship discount or allowance.

# NOTE 2: Public Fund Deposits and Investments

Cash deposits are carried at cost. The College's cash deposits at year-end are shown below:

	Bank
	 Balance
Insured (FDIC)	\$ 4,911,038
Collateralized:	
Collateral held by the pledging financial	
institution's trust department or agent in	
the College's name	 8,314,890
Total Deposits	\$ 13,225,928

The above deposits do not include cash on hand in the amount of \$1,250 at June 30, 2024. The above total deposits include certificates of deposits of \$887,093 reported as investments and classified as nonparticipating contracts.

# NOTE 3: Income Taxes

The College is tax exempt under Internal Revenue Service code. It is also exempt from state income taxes under Arkansas law. Accordingly, no provision for income taxes is made in the financial statements.

# NOTE 4: Capital Assets

Following are the changes in capital assets for the year ended June 30, 2024:

<sup>\*</sup>Additional information on leases and SBITA payable can be found in Note 10.

# NOTE 6: Pledged Revenues

The College has pledged future property tax revenue to repay \$7,280,000 in revenue bonds issued December 28, 2017. Proceeds from the bonds provided financing for construction. The bonds are payable solely from property tax revenues and are payable through February 1, 2047. Annual principal and interest remaining to be paid on the bonds is \$9,541,788. Principal and Interest paid for the current year and total property tax revenues were \$414,619 and \$966,690, respectively. The percentage of property tax pledged for the year ended June 30, 2024, was 43%.

<sup>\*\*</sup>Includes interest payable of \$95,353 recorded as a current liability at June 30, 2024.

#### NOTE 7: Retirement Plans

#### **Arkansas Teacher Retirement System**

Summary of Significant Accounting Policies

**Pensions** For purposes of measuring net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Arkansas Teacher Retirement System (ATRS) and additions to and deductions from ATRS fiduciary net position have been determined on the same basis as reported by ATRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

#### (a) General Information about the Pension Plan

**Plan Description.** The College contributes to the Arkansas Teacher Retirement System (ATRS), a cost-sharing multiple-employer defined benefit pension plan for employees who do not elect a qualified alternative retirement plan. ATRS is administered by the ATRS Board of Trustees. Benefit provisions are established by State law and can be amended only by the Arkansas General Assembly.

The Arkansas Teacher Retirement System issues a publicly available financial report that includes financial statements and required supplementary information for ATRS. The report may be obtained by writing to Arkansas Teacher Retirement System, 1400 West Third Street, Little Rock, Arkansas 72201, by calling 1-501-682-1517 or from the website http://www.artrs.gov/publications.

ATRS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries as follows:

Members are eligible for full retirement benefits at age 60 with five or more years of actual or reciprocal service or at any age with 28 or more years of credited service. Members with 25 years of actual or reciprocal services who have not attained age 60 may receive an annuity reduced by 10/12 of 1% multiplied by the number of months by which the early retirement precedes the earlier of (1) completion of 28 years of credited service or (2) attainment of age 60. The normal retirement benefit, paid monthly, is determined based on (1) the member's final average salary and (2) the number of years of service. Disability retirement benefits are payable to members who are vested and demonstrate total and permanent incapacity to perform the duties of their position while in active employment. The disability annuity is computed in the same manner as the age and service annuity. Survivor benefits are payable to qualified survivors upon the death of an active, vested member.

Eligible spouse survivors receive a survivor annuity that is based on the member's years of service credit prior to their death, and minor child survivors receive a percentage of the member's highest salary earned. A lump sum death benefit is provided for active and retired members with 10 years of actual service. A cost of living adjustment (COLA) is payable on July 1 of each year to retirees, certain survivors, and annuity beneficiaries who received monthly benefits for the previous 12 months. The COLA is determined by multiplying 100% of the member's base retirement annuity by 3%.

Contributions. Arkansas Code Title 24 establishes the contribution requirements of active members and participating employers. Contribution rates for the plan are as follows:

**Funding Policy**. ATRS provides for periodic employer contributions at statutorily established rates based on annual actuarial valuations. The current employer rate is 15% of covered salaries, the maximum allowed by state law. The College's contributions to ATRS for the years ended June 30, 2024, 2023, and 2022, were \$318,460, \$345,627, and \$307,222, respectively, equal to the required contributions for each year.

ATRS has contributory and non-contributory plans. The contributory plan has been in effect since the beginning of the plan. Contributory members are required by law to contribute 7% of their gross wages. The noncontributory plan began July 1, 1986. Effective July 1, 1999, all new members were automatically enrolled as contributory members. Active members as of July 1, 1999 were allowed to make an irrevocable choice between the contributory or noncontributory plan. Employee contributions are refundable if covered employment terminates before a monthly benefit is payable.

#### NOTE 7: Retirement Plans (Continued)

#### **Arkansas Teacher Retirement System (Continued)**

(b) Pensions Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

On June 30, 2024, the College reported a liability of \$3,342,248 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability for the plan was determined by an actuarial valuation as of that date. The College's proportion of the net pension liability was based on current contributions of all participating employers. At June 30, 2023, the College's proportion was .0644% for ATRS.

For the fiscal year ending June 30, 2024, the College recognized a pension expense of \$524,183. In addition, the College reported deferred outflows of resources and deferred inflows of resources related to pensions as follows:

	red Outflows of Resources	Def	ferred Inflows of Resources
Differences between expected and			
actual expense	\$ 121,544	\$	3,911
Net differences between projected			
and actual earnings on pension plan investments	220,106		
Changes of Assumptions	243,342		
Changes in proportion and differences between employers and proportionate share of contributions	137,918		334,358
College contributions subsequent to the measurement date	318,460		
Total	\$ 1,041,370	\$	338,269

Deferred outflows of resources, \$318,460, were reported relating to pensions resulting from the College's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	
2025	\$ 123,827
2026	(107,081)
2027	370,483
2028	(2,588)

**Actuarial assumptions**. The total pension liability in the actuarial valuation (as of the date noted below) was determined using the following actuarial assumptions, applied to all periods included in the measurement:

	ATRS
Date of actuarial valuation	June 30, 2023
Inflation rate	2.75%
Salary increases	2.75% to 5.75%
Investment rate of return	7.25%
Mortality table	Pub-2010 Healthy Retired, General Disabled Retiree, and General Employee Mortality weighted tables were used for males and females. Mortality rates were adjusted for future mortality improvements using projections scale MP 2020 from 2010.
Actuarial experience study dates	July 1, 2015 through June 30, 2020

#### NOTE 7: Retirement Plans (Continued)

#### **Arkansas Teacher Retirement System (Continued)**

(b) Pensions Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

Investment Rate of Return. The long-term expected rate of return on pension plan investments of the ATRS plan was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return were adopted by the plan's trustees after considering input from the plan's investment consultant and actuary.

For each major asset class that is included in each pension plan's target asset allocation as June 30, 2023, these best estimates are summarized in the following table:

	ATRS	
Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Total equity	53%	5.0%
Fixed income	15%	1.8%
Alternatives	5%	4.8%
Real assets	15%	4.5%
Private equity	12%	7.3%
Cash equivalents	0%	1.0%

**Discount rate.** The discount rate for the ATRS plan was determined as follows:

A single discount rate of 7.25% was used to measure the total pension liability based on the expected rate of return on pension plan investments. The current member and employer contribution rates are 7% and 15% of active member payroll, respectively. The projection of cash flows used to determine this single discount rate assumes that member and employer contributions will be made in accordance with this schedule. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of College's proportionate share of the net pension liability to changes in the discount rate. The following presents the College's proportionate share of the net pension liability for the ATRS plan calculated using the discount rate stated above, as well as what the College's proportionate share of net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1- percentage-point higher than the current rate:

	1% Decrease 6.25%	Current discount rate 7.25%	1% Increase 8.25%
ATRS – Current discount rate 7.25%	\$ 5,428,369	\$ 3,342,248	\$ 1,612,693

Pension plan fiduciary net position. Detailed information about the ATRS pension plan's fiduciary net position is available in the separately issued financial report of the plan.

#### NOTE 7: Retirement Plans (Continued)

#### Arkansas Public Employees Retirement System

Summary of Significant Accounting Policies

**Pensions:** For purposes of measuring net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Arkansas Public Employees Retirement System (APERS) and additions to and deductions from APERS fiduciary net position have been determined on the same basis as they are reported by APERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

#### (a) General Information about the Pension Plan

**Plan Description**. The College contributes to the Arkansas Public Employees Retirement System (APERS), a cost sharing multiple-employer defined benefit pension plan. Employees may elect coverage under APERS as a qualified retirement system. APERS is administered by the APERS Board of Trustees. Benefit provisions are established by State law and can be amended only by the Arkansas General Assembly.

The Arkansas Public Employees Retirement System issues a publicly available financial report that includes financial statements and required supplementary information for APERS. That report may be obtained by either in writing to Arkansas Public Employees Retirement System, 124 W. Capitol, Suite 400, Little Rock, Arkansas, 72201, by calling 1-501-682-7800 or from the website, http://www.apers.org/publications.

APERS provide retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries, as follows:

The normal retirement benefit, paid on a monthly basis, is determined based on (1) the member's final average compensation (an average of the highest 36 months' earnings) and (2) the number of years of credited service. Retiree benefit increases are calculated each year on July 1 for the following 12 months. The predetermined amount is the amount of the benefit payable as of the immediately preceding July 1, increased by 3%. Members are eligible for full retirement benefits (1) at any age with 28 years of credited service; (2) at age 65 with five years of actual service, except for members of the General Assembly who must have 10 years of actual service if the member only has service as a member of the General Assembly; or (3) at age 55 with 35 years of credited service as an elected official or public safety member. Members are eligible for reduced benefits (1) at any age with at least 25 years but less than 28 years of actual service; or (2) at age 55 with five years of actual service. Members who are defined as a public safety member are eligible for a reduced benefit with five years of actual service if the member is within 10 years of normal retirement age.

**Contributions.** Arkansas Code Title 24 establishes the contribution requirements of active members and participating employers. Contribution rates for the plan are as follows:

Contribution provisions applicable to the participating employers are established by the APERS Board of Trustees and should be based on an independent actuary's determination of the rate required to fund the plan. The General Assembly, certain municipal and county elected officials, and certain agencies employing individuals in public safety positions must also remit additional amounts.

For the fiscal year ended June 30, 2024, the employer contribution rates, as a percentage of active member payroll, ranged from 4.00% to 26.50%. The current statutory employer rate is 15.32% of annual covered salaries, the maximum allowed by state law. The College's contributions to APERS for the years ended June 30, 2024, 2023, and 2022 were \$275,793, \$250,790, and \$201,476, respectively, equal to the required contributions for each year.

APERS has both contributory and non-contributory plans. The contributory plan has been in effect since the beginning of the plan and is available to all persons who became members prior to January 1, 1978. The noncontributory plan was created by Act 793 of 1977 and was effective January 1, 1978. It automatically applied to all members hired from January 1, 1978 to June 30, 2005. Act 2084 of 2005 requires that, beginning July 1, 2005, all new hires become contributory members and are required to contribute 5% of their earnings to APERS. Act 365 of 2021 which took effect July 1, 2022, raises the contribution rate from 5% to 5.50% for contributory members for fiscal year 2024. This rate will continue to increase by 0.25% each July 1 until it reaches 7%. All other noncontributory members are given the opportunity to become contributory. During a member's participation in the APERS deferred retirement option plan (DROP), the employer continues to make contributions and the employee ceases to make contributions.

# NOTE 7: Retirement Plans (Continued)

#### **Arkansas Public Employees Retirement System (Continued)**

(b) Pensions Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

On June 30, 2024, the College reported a liability of \$2,232,077 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability for the plan was determined by an actuarial valuation as of that date. The College's proportion of the net pension liability was based on current contributions of all participating employers. As of June 30, 2023, the College's proportion was .0766% for APERS.

For the fiscal year ending June 30, 2024, the College recognized a pension expense of \$495,472. In addition, the College reported deferred outflows of resources and deferred inflows of resources related to pensions as follows:

	 red Outflows Resources	Deferred Inflows of Resources
Differences between expected and actual expense	\$ 125,996	\$ 12,262
Changes in assumptions	104,935	
Net differences between projected and actual earnings on pension plan investments	277,814	
Changes in proportion and differences between employers and proportionate share of contributions	289.051	2,069
College contributions subsequent to the measurement date	,	2,000
the measurement date	275,793	
Total	\$ 1,073,589	\$ 14,331

Deferred outflows of resources, \$275,793 were reported relating to pensions resulting from the College's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	
2025	\$ 270,080
2026	139,083
2027	393,052
2028	(18,750)

#### NOTE 7: Retirement Plans (Continued)

#### **Arkansas Public Employees Retirement System (Continued)**

(b) Pensions Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

**Actuarial assumptions.** The total pension liability in the actuarial valuation (as of the date noted below) was determined using the following actuarial assumptions, applied to all periods included in the measurement:

	APERS
Date of actuarial valuation	June 30, 2023
Inflation Rate	3.25%
Salary increases	3.25% to 11.00% including inflation
Investment rate of return	7.00%, net of investment and admin. expenses
Mortality table	The healthy retiree mortality tables, for post-retirement mortality, used in evaluating allowances to be paid were 114% and 132% of the PubG-2010 Amount-Weighted Below-Median Income General Retiree Mortality tables males and females, respectively. The disabled retiree mortality tables, for post-retirement disabled mortality, used in evaluating allowances to be paid were 114% and 132% of the PubNS-2010 Amount-Weighted Disabled Retiree Mortality tables for males and females, respectively. The pre-retirement mortality tables used were 75% of the PubG-2010 Amount-Weighted Below-Median General Employee Mortality tables for active mortality experience. Mortality rates for a particular calendar year are determined by applying the MP-2021 mortality improvement scale to the above described tables.
Actuarial experience study dates	July 1, 2017 through June 30, 2022

Investment Rate of Return. The long-term expected rate of return on pension plan investments of the APERS plan was determined using a building-block method, in which best-estimate ranges of expected future real rates of return (expected returns, net pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for the 10-year period from 2023-2032 were provided by the plan investment consultant.

For each major asset class that is included in each pension plan's target asset allocation as June 30, 2023, these best estimates are summarized in the following table:

	APERS	
Asset Class	Target Allocation	Long-term Expected Real Rate of Return
Broad domestic equity	37%	6.19%
International equity	24%	6.77%
Real assets	16%	3.34%
Absolute return	5%	3.36%
Domestic fixed	18%	1.79%

Discount rate. The discount rate for the APERS plan was determined as follows:

The single discount rate was based on the expected rate of return on pension plan investments of 7.00%. The projection of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

#### NOTE 7: Retirement Plans (Continued)

#### **Arkansas Public Employees Retirement System (Continued)**

(b) Pensions Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

#### Sensitivity of College's proportionate share of the net pension liability to changes in the discount rate.

The following presents the College's proportionate share of the net pension liability for the APERS plan calculated using the discount rate stated above, as well as what the College's proportionate share of net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1- percentage-point higher than the current rate:

_	1% C	ecrease 6.00%	Curren	t discount rate 7.00%	1% Increase 8.00%
APERS – Current discount rate 7.00%	\$	3,557,731	\$	2,232,077	\$ 1,139,865

**Pension plan fiduciary net position.** Detailed information about the APERS pension plan's fiduciary net position is available in the separately issued financial report of the plan.

#### Teachers Insurance and Annuity Association Fund (TIAA)

**Plan Description.** The College participates in TIAA, a defined contribution plan. The plan is a 403 (b) program as defined by Internal Revenue Service Code of 1986 as amended, and is administered by TIAA. TIAA is an insurance company offering participants a traditional and variable annuity with guaranteed principal and a specific interest rate plus the opportunity for additional growth through dividends. Arkansas law authorizes participation in the plan.

**Funding Policy.** TIAA has contributory and non-contributory plans. The College participates in the contributory plan only. Members contribute a minimum of 6% of earnings to the plan. The College contributes 12% of earnings. The College's and participants' contributions for the year ended June 30, 2024 were \$507,700 and \$375,989, respectively.

#### Variable Annuity Life Insurance Company (VALIC)

**Plan Description.** The College participates in VALIC, a defined contribution plan. The plan is a 403(b) program as defined by IRS Code of 1986 as amended, and is administered by VALIC. VALIC provides insurance policies and annuity contracts and when they are issued, they become the property of the participant. Act 480 of 1983 provides alternative retirement plans as approved by the Arkansas State Board of Workforce Education and career opportunities for the staff members of the Vocational-Technical schools. Employees were allowed to continue participation in this plan when Cotton Boll Technical Institute merged with the College.

**Funding Policy.** The participants' contributions are tax-sheltered and amount to a minimum of 6% of compensation. The College's contribution rate is 12%. Participants become vested after one year. The College's and participants' contributions for the year ended June 30, 2024, were \$22,625 and \$25,190, respectively.

#### NOTE 8: Natural Classifications with Function

The College's operating expenses by function for the year ended June 30, 2024 were as follows:

	Personal Services	Scholarships and Fellowships	Supplies and Services	Depreciation and Amortization	Total
Instruction	\$ 5,337,377		\$ 1,480,905		\$ 6,818,282
Public service	1,139,064		477,324		1,616,388
Academic support	566,297		608,449		1,174,746
Student services	2,072,385		702,705		2,775,090
Institutional support	2,099,060		761,357		2,860,417
Scholarships and fellowships		\$ 627,610			627,610
Operations and maintenance of plant	1,011,016		1,364,574		2,375,590
Auxiliary enterprise	78,339		61,851		140,190
Depreciation & amortization				\$ 1,277,937	1,277,937
Totals	\$ 12,303,538	\$ 627,610	\$ 5,457,165	\$ 1,277,937	\$ 19,666,250

#### NOTE 9: Disaggregation of Receivable and Payable Balances

Accounts receivable from students were \$398,653 at June 30, 2024. This was reduced by an allowance for doubtful accounts of \$166,218, resulting in net student accounts receivable of \$232,435.

Other receivables of \$1,402,283 at June 30, 2024, consisted of reimbursements of expenditures of \$412,552 from federal, state, and local agencies pertaining to grants and contracts, \$228,951 from student tuition and fees, property tax of \$503,350, and miscellaneous items of \$257,430.

The accounts payable and accrued liabilities of \$530,402 at June 30, 2024, consisted of \$196,485 due to vendors and \$333,917 for salaries and benefits payable.

#### NOTE 10: Leases and SBITA Payable

The net value of assets held under leases and SBITA totaled \$906,588 at June 30, 2024. The leases and SBITA are amortized using the straight-line method. The details of the leases are as follows:

Type of Asset	Issue Date	Maturity Date	Rate of Interest	Asset Amount	Amortization	Net Amount	
Copiers	12/7/21	12/7/26	3.25%	\$307.330	\$158.787	\$148.543	
,				<b>,</b> ,	,, -	* -/	
Jenzabar	3/1/24	11/1/26	5.50%	\$ 909.654	\$151.609	\$758.045	
ochzabai	3/1/24	11/1/20	0.0070	Ψ 303,034	Ψ101,000	Ψ1 30,043	

#### NOTE 11: Risk Management

The College is exposed to various risks of loss related to torts, theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

The College carries commercial insurance for directors and officers, covering legal judgments and settlements. The College also carries commercial insurance for students enrolled in health-related programs covering student professional liabilities. Additionally, the College carries commercial insurance for general liability and crime coverage for selected properties. The College pays an annual premium for commercial insurance. Settled claims have not exceeded the commercial insurance coverage in any of the past three fiscal years. There were no significant reductions in insurance coverage from prior years in the major categories of risk.

#### NOTE 11: Risk Management (Continued)

The College participates in the Arkansas Public Employees Claims Division – Workers' Compensation Program under the Arkansas Department of Insurance. The program is responsible for obtaining and administering workers' compensation insurance coverage for its members, as well as obtaining reinsurance coverage for those claims that exceed the standard policy limits. In its administrative capacity, the Division is responsible for monitoring, negotiating and settling claims that have been filed on behalf of and against the College. The College contributes quarterly to this program through the General Revenue Fund.

The College participates in the Arkansas Multi-Agency Insurance Trust (AMAIT) for insurance coverage for property and vehicles. In its administrative capacity, AMAIT is responsible for monitoring, negotiating and settling claims that have been filed against its members. The College pays annual premiums for buildings, contents, and vehicles.

The College participates in the Arkansas Fidelity Bond Trust Fund administered by the Governmental Bonding Board. Coverage is provided for losses incurred by the State as a result of fraudulent or dishonest acts committed by State employees or officials. Each loss is limited to \$300,000 with a \$2,500 deductible. The Department of Finance and Administration withholds the premium from the College's State Treasury Funds.

#### NOTE 12: Other Postemployment Benefits (OPEB)

The College replaced GASB Statement no. 45, Accounting and Financial Reporting by Employers for Postemployment Benefits Other than Pensions and adopted GASB Statement no. 75, Accounting and Financial Reporting for Postemployment Benefits Other than Pensions during the fiscal year 2018. This statement establishes standards for accounting and financial reporting for the College's financial statements.

The authority under which the Plan's benefit provisions are established or amended is the College President.

On April 15, 2015, the College Board of Trustees approved the transfer of employees (24 employees and 6 retirees) on the EBD plan to the Arkansas Higher Education Consortium (AHEC) plan. The EBD employees were switched over to the AHEC plan on June 1, 2015. All employees are now in the AHEC plan. This report covers the plan fiscal year ending June 30, 2024, and the sponsor's fiscal year ending June 30, 2024. The measurement date is June 30, 2024. The report, calculated under GASB no. 75 was completed by actuarial firm, Osborn, Carrerio & Associates, Inc.

#### (a) General Information about the OPEB Plan

**Plan Description**. The plan is a single-employer defined benefit OPEB program. The College offered postemployment health care benefits to all employees who officially retire from the College and meet certain age and service-related requirements. Health care benefits are offered through the College's participation in AHEC, an agent multiple-employer defined benefit plan. Early retirement eligibility for employees age 60 with a completion of a minimum of 15 years of service, are eligible for early retirement benefits. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement no. 75.

Benefits for retired employees who participate in the AHEC group plan consists of medical coverage with the same rates as for current full-time employees. While the College allows the spouse of the retired employee to purchase insurance through the plan, the College does not pay any of the cost associated with the spousal coverage. A retiree age 60 is eligible to continue to participate at no cost to the College in the dental, vision, Life and Medical insurance that they participated in while employed full time.

Participants included in the actuarial valuation include retirees, eligible dependents, and active employees, who may be eligible to participate in the Plan upon retirement. Expenditures for postretirement health care benefits are recognized monthly and financed on a pay as you go basis. The College funds approximately 81% of the postretirement health care premiums. The retirees are responsible for funding approximately 19% of the health care premiums.

The Plan does not issue a stand-alone financial report. For inquiries relating to the Plan, please contact the Office of the Coordinator of Human Resources and ADA, Arkansas Northeastern College, P.O. Box 1109, Blytheville, Arkansas, 72316-1109.

#### NOTE 12: Other Postemployment Benefits (OPEB) (Continued)

(a) General Information about the OPEB Plan (Continued)

#### **Principal Provisions of the Plan**

**Authority**: Health Insurance Rule 7.12.

Early Retirement Incentive Plan, Rule 7.14, last amended August 17, 2011. Act 296 of 1995. Some subsidies extended, at April 15, 2015 Board of Trustees meeting, to those

previously in the EBD program. All in AHEC program effective June 1, 2015.

Participation: Covers employees who retire directly from active employment. Employees must have at

least 15 years of full-time service and be at least age 60.

Benefit Provided: If an employee retires before age 65, they can continue medical, dental, and life

insurance until they are eligible for Medicare. They must pay the same premium as an active employee and the entire cost of dental and life, \$100. College also pays \$100/month for any full-time employee who retires with 10 or more years of service.

Other Benefits: The Early Retirement Incentive Plan also provides lump sum payments. Any liability or

cost for these other benefits is NOT included in this report.

### **Employees Covered by Benefit Terms**

At June 30, 2024, the following employees were covered by the benefit terms:

Inactive employees at beneficiaries currently receiving benefit payments

Active employees

....120

MEDICAL PLAN: Arkansas Higher Education Consortium Benefits Trust

Deductible: Basic - \$3,000 individual/\$6,000 family

Core - \$2,000 individual/\$4,000 family Enhanced - \$1,000 individual/\$2,000 family Twice the above amounts for out-of-network

Out of Pocket Limit: Basic - \$6,000 individual/\$12,000 family

Core - \$6,000 individual/\$12,000 family Enhanced - \$4,500 individual/\$9,000 family No limit for out-of-network claims

Copayment: Basic - \$20 primary care physician, \$50 specialist

Core - \$20 primary care physician, \$50 specialist Enhanced - \$20 primary care physician, \$50

specialist

Coinsurance: Generally 20% in-network, 40% out-of-network

For the year ended June 30, 2024, the College reported a liability of \$1,024,067 for its total OPEB liability. The total OPEB liability measurement date was June 30, 2024, and the total OPEB liability used to calculate the total OPEB liability for the plan was determined by an actuarial valuation as of that date.

# NOTE 12: Other Postemployment Benefits (OPEB) (Continued)

(b) Liabilities, Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

#### OPEB Expense/(Income) under GASB 75

		2023-24
1.	Total OPEB Liability at the beginning of year	\$ 799,546
2.	Total OPEB Liability at the end of the year	1,024,067
3.	Increase in Total OPEB Liability in year = $(2) - (1)$	224,521
4.	Decrease in Total OPEB Liability due to Employer Contributions during	
	the measurement period	<u>30,269</u>
5.	Change to reflect OPEB Expense = (3) + (4)	254,790
6.	Adjust for Actual vs Exp. Experience or Assump. Change	
	a) Remove gain/ (loss)	(184,532)
	b) Add amortization	34,752
7.	Adjust for Actual vs Projected investment income	
	a) Remove gain/ (loss)	0
	b) Add amortization	0
8.	OPEB Expense= (5) +(6) +(7)	\$ 105,010

For the fiscal year ending June 30, 2024, the College recognized OPEB expenses of \$105,010. In addition, the College reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	 erred Outflows f Resources	 eferred Inflows of Resources
Differences between expected and actual experience	\$ 290,788	\$ 0
Changes in assumptions	41,025	81,515
Net differences between projected and actual earnings on OPEB plan investments	0	0
Total	\$ 331,813	\$ 81,515

Amounts reported as net deferred outflows of resources, \$250,298 related to OPEB will be recognized in OPEB expense as follows:

Year ended June 30:	Net Deferred Outflows of Resources
2025	\$ 34,752
2026	34,752
2027	34,752
2028	34,752
2029	34,284
Thereafter	77,006
Total	\$ 250,298

Cost of Living Adjustment (COLA). The OPEB program does not provide for automatic COLA. OPEB benefits are subject to medical inflation, which is reflected in the actuarial assumptions.

**Actuarial assumptions**. The total OPEB liability in the actuarial valuation as June 30, 2024 was determined using the following actuarial assumptions, applied to the periods included in the measurement:

NOTE 12: Other Postemployment Benefits (OPEB) (Continued)

#### **Actuarial Cost Methods and Assumptions**

**COST METHOD**: The entry age normal method was used.

**DISCOUNT RATE:** A single discount rate of:

3.13% at 6/30/2017 2.98% at 6/30/2018 2.79% at 6/30/2019 2.66% at 6/30/2020 2.18% at 6/30/2021 4.09% at 6/30/2022 4.13% at 6/30/2023 4.21% at 6/30/2024

HEALTH CARE COST

TREND RATE: The health care cost trend was assumed to be 8.0% next year, 7.5% the

following year, 7.00% the third year, 6.50% the fourth year, with the rate

decreasing by 0.5% each year, to an ultimate rate of 5.0%.

**INFLATION RATE:** The discount rate, and the health care cost trend rate incorporate an

assumed annual inflation rate of 3.00%.

**BASE CLAIM COSTS:** The following monthly claim costs were assumed:

Premium \$510.00 Implicit Subsidy \$505.17 Total retiree cost \$1,015.17

Using the selected monthly claim cost above, costs were determined by age band using Chart 5 and Table 5 from "Health Care Cost – From Birth to Death", published by the Society of Actuaries and prepared by Dale H. Yamamato in June 2013:

Age Band

50-54\$690.2455-59896.9560-641,151.09

SOURCE OF CLAIM COSTS: We reviewed active and retiree claim costs from other public entities in

Arkansas. The difference between active and retiree costs was used as

one basis for the implicit subsidy.

Another basis for the implicit subsidy was calculated using "Health Care Cost – From Birth to Death", published by the Society of Actuaries and prepared by Dale H. Yamamato in June 2013. From Chart 5 of this publication (the Unisex Cost Curve by Age for 2010), we estimated the implicit subsidy.

riplicit subsidy.

The table below shows the estimates and the cost selected:

Cost per other Arkansas public entities \$1,015.17

Cost from "unbundling" using" Health Care

Cost-From Birth to Death" \$738.99

Selected Cost \$1,015.17

ADMINISTRATIVE COSTS: None assumed.

**FAMILY COVERAGE:** We assumed that the sponsor would provide single coverage only.

NOTE 12: Other Postemployment Benefits (OPEB) (Continued)

Actuarial Cost Methods and Assumptions (Continued)

**SELECTION OF COVERAGE:** We assumed that 80% of eligible retirees would select the coverage when

they initially retired, and that 0% of them would continue it past age 65.

**DATA USED:** We received a census listing from Arkansas Northeastern College, which is

summarized below:

	Participant	Data	
	July 1, 2020	July 1, 2022	July 1, 2024
Active Members:			
Number of Employees	148	133	145
Number Covered	121	116	120
Average Age	49.9	50.7	50.7
Average Service	9.8	10.6	10.5
Retirees and Beneficiaries:			
Number under 65	9	7	9
Number 65 & over	1	0	0

PRE-RETIREMENT MORTALITY: Deaths have been projected using the Pub-T 2010 Mortality Table

(headcount basis), projected generationally with Scale MP 2019.

POST-RETIREMENT MORTALITY: The Pub-T 2010 Mortality Table (headcount basis), projected generationally with Scale MP 2019 was used. The life expectancy, according to this table is as follows:

Age	Males 2030	Males 2040	Females 2030	Females 2040
55	33.39	34.21	35.91	36.67
65	23.38	24.15	25.69	26.42
75	14.55	15.20	16.41	17.05

**VOLUNTARY TERMINATIONS:** 

We generally used the voluntary termination assumption used by the Arkansas Teachers Retirement System. Termination at some sample ages are:

	TERMINATION RATE PER
<u>AGE</u>	100 MEMBERS
20	4.60
25	4.84
30	4.40
35	3.10
40	2.20
45	2.00
50	2.00
55	5.00

For those with less than five years of service, we used a multiple of the above rates. The multiples used were:

1<sup>st</sup> year of service 4.0

2<sup>nd</sup> year of service 2.5

3<sup>rd</sup> year of service 2.0

4th year of service 1.5

NOTE 12: Other Postemployment Benefits (OPEB) (Continued)

**Actuarial Cost Methods and Assumptions** (Continued)

**EXPECTED RETIREMENT PATTERN:** We assumed retirements at the following rates:

	RETIREMENT RATE PER
<u>AGE</u>	100 MEMBERS
55 - 59	5.0
60	15.0
61	14.0
62	25.0
63	15.0
64	15.0
65	35.0
66	30.0
67	30.0
68	30.0
69	100.0

**DISABILITIES:** 

We assumed the disability rates assumed by the Arkansas Teachers Retirement System. Rates at some sample ages are:

	DISABILITY RATE PER
<u>AGE</u>	100 MEMBERS
20	.10
25	.10
30	.08
35	.08
40	.14
45	.24
50	.53
55	.88
60	1.00

# **CONSIDERATION OF FUTURE**

**MORTALITY IMPROVEMENTS:** 

Future mortality improvements were considered in developing the results in this report.

Investment Rate of Return. The program has no invested assets at this time, so no long-term expected return on plan assets was used.

Discount rate. The discount rate for the OPEB plan was determined as follows:

The single discount rate was based on the expected rate of return on the OPEB plan investments of 4.21%. This rate considers the ability of the plan to meet benefit obligations in the future. To make this determination, employer contributions, employee contributions, benefit payments, expenses and investment returns are projected into the future. The Plan Net Position (assets) in the future years can then be projected and compared to the obligation to make benefit payments in those years. As long as assets are projected to be on hand in a future year, the assumed valuation discount rate is used. In years where assets are not projected to be sufficient to meet benefit payments, the use of a 'risk-free' rate is required. The single discount rate is equivalent to applying these two rates to the benefits that are projected to be paid during the different time periods.

# NOTE 12: Other Postemployment Benefits (OPEB) (Continued)

Sensitivity of College's Total OPEB liability to changes in the single discount rate, and changes in the assumed health care cost trend rate.

The following presents the College's total OPEB liability calculated using a single discount rate of 4.21%, as well as what the total OPEB liability would be if it were calculated using a single discount rate that is 1-percentage point lower or 1-percentage point higher, or using a health care cost trend rate that is 1-percentage point lower or 1-percentage point higher:

	1% Dec	crease 3.21%	urrent Single ount Rate 4.21%	1% Increase 5.21%		
Total OPEB Liability	\$	1,083,799	\$ 1,024,067	\$	968,597

GASB 74 and 75 requires a 10-fiscal year history of information about the OPEB liability. Those schedules are included as an attachment under Required Supplementary Information.

#### NOTE 13: Mandatory Transfer

A transfer of \$200,000 was made at June 30, 2024 as mandated by the terms of the College's 2017 Bond issue. This transfer is held in unexpended plant funds for the maintenance of the Center for Allied Technologies.

#### NOTE 14: Subsequent Events

On February 28, 2025, the College sold the Burdette campus property in the amount of \$358,470.

On June 24, 2025, the College entered into a \$1,675,258 contract with Jonesboro Roofing for the construction of a new roof for the Sullins Administration Building.

#### POST-EMPLOYMENT BENEFITS OTHER THAN PENSIONS

Summary of Key Actuarial Methods and Assumptions

Measurement date June 30, 2024

Discount rate 4.21% for June 30, 2024, measurement date

Inflation rate 3.00% per year

Mortality rate table Pub-T 2010 Mortality Table (headcount basis), projected generationally with Scale MP 2019.

Healthcare cost trend rates

The healthcare cost trend was assumed to be 8.0% next year, 7.5% the following year, 7.00% the third year, 6.50% the fourth year, with

the rate decreasing by 0.5% each year, to an ultimate rate of 5.0%.
