## LEGISLATIVE JOINT AUDITING COMMITTEE ARKANSAS LEGISLATIVE AUDIT

### Financial and Compliance Report

Bradley County, Arkansas Officials and Quorum Court Members  
Legislative Joint Auditing Committee

A priority of Arkansas Legislative Audit is to assist county government officials by promoting sound financial management and accountability of government resources. The Legislative Auditor reports on the fiscal affairs of county governments, as well as compliance with relevant state laws and observance of good business practices to provide accountability for tax dollars expended to support government operations.

We have performed certain limited procedures with respect to regulatory basis financial information and compliance with certain state laws and accepted accounting practices for Bradley County, Arkansas, as of and for the year ended December 31, 2020, and have issued our report thereon dated December 13, 2021. Management of the County is responsible for maintaining the financial records and complying with state laws and accepted accounting practices.

The findings contained in this section relate to the following officials who held office during 2020:

County Judge: Klay McKinney  
Treasurer: Diane Wesson  
Sheriff and Tax Collector: Herschel Tillman  
County Clerk: Karen Belin  
Circuit Clerk: Cindy Wagnon  
Assessor: Krystle Hays  
District Court Clerk: Patty Harrod

We evaluated the County's compliance with certain state laws concerning general accounting, budgeting, purchasing, and investing and depositing of public funds.

During our evaluation, nothing came to our attention that would warrant disclosure in this report.

This report is intended solely for the information and use of the Legislative Joint Auditing Committee, local County government, state executive and oversight management, and other parties as required by Arkansas Code, and is not intended to be and should not be used by anyone other than these specified parties. However, pursuant to Ark. Code Ann. § 10-4-417, all reports presented to the Legislative Joint Auditing Committee are matters of public record and distribution is not limited.

1. A. Basis of Presentation - Regulatory

The financial statements are presented in accordance with the regulatory basis of presentation as prescribed or permitted by Ark. Code Ann. § 10-4-412. The law requires that the financial statements be presented on a fund basis with, as a minimum, the general fund and road fund presented separately with all other funds included in the financial statements presented in the aggregate. This law also stipulates that the financial statements consist of a balance sheet; a statement of revenues, expenditures, and changes in fund balances; a comparison of the final adopted budget to actual expenditures for the general and road funds; notes to financial statements; and a supplemental schedule of capital assets.

The regulatory basis of presentation is not in accordance with generally accepted accounting principles (GAAP). GAAP require that basic financial statements present government-wide and fund financial statements. Additionally, GAAP require the following major concepts: Management's Discussion and Analysis, separate financial statements for fiduciary fund types and other requirements for fiduciary fund types, specific procedures for the identification of major governmental funds, and applicable note disclosures. The regulatory basis of presentation does not require government-wide financial statements or the previously identified concepts.

A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts recording cash and other financial resources, together with related liabilities and residual balances, and changes therein, which are segregated for purposes of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

The following types of funds are recognized in the accompanying regulatory basis financial statements.

**General Fund** - The General Fund is used to account for and report all financial resources not accounted for and reported in another fund.

**Road Fund** - The Road Fund (Special Revenue Fund) is used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The Road Fund accounts for and reports proceeds of state highway turnback, federal aid, property taxes, and sales taxes that are restricted for maintaining and constructing roads.

**Other Funds in the Aggregate** - Other Funds in the Aggregate consist of all funds included in the financial statements except for the General and Road Funds. The following types of funds are included in this column as follows:

**Special Revenue Funds** - Special Revenue Funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. The Special Revenue Funds presented on Schedules 1 and 2 are reported with other funds in the aggregate.

**Custodial Funds** - Custodial Funds are used to report resources held by the reporting government in a purely custodial capacity (assets equal liabilities). The Custodial Funds presented on Schedule 1 are reported with other funds in the aggregate.

**B. Basis of Accounting - Regulatory**

The financial statements are prepared on the regulatory basis of accounting as prescribed or permitted by Ark. Code Ann. § 10-4-412. This regulatory basis differs from accounting principles generally accepted in the United States of America. Revenues generally are recognized as soon as they are both measurable and available except for Treasurer's and Collector's commission and Taxes apportioned – Assessor's salary and expense which are recognized when earned. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current period. However, most state aid received from the State Treasury, as well as county sales taxes, is by state law revenue of the year in which it was received by the government. Expenditures generally are recorded when a liability is incurred. Liabilities incurred by the government on or before the end of the current period that are paid within 60 days of the end of the current period, are considered to be expenditures of the current period. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. As a result of the use of this regulatory basis of accounting, capital assets and long-term debt are not recorded in these financial statements. Pension trust funds are reported in a separate column as a part of supplementary information in order to provide users of the financial statements a better understanding of the entity as a whole.

The regulatory basis of accounting is not in accordance with generally accepted accounting principles (GAAP). GAAP require the following major concepts: Accrual basis of accounting for government-wide financial statements, including depreciation expense, modified accrual basis of accounting for fund financial statements, separate identification of special and extraordinary items, inclusion of capital assets and debt in the financial statements, inclusion of the net pension liability in the financial statements, and applicable note disclosures. The regulatory basis of accounting does not require the previously identified concepts.

**C. Assets, Liabilities, and Fund Balances**

Cash and Cash Equivalents

For the purpose of financial reporting, "cash and cash equivalents" includes all demand accounts.

Settlements Pending

Settlements pending are considered fines, forfeitures, costs, fees, property taxes, solid waste collections, excess treasurer's commission, and trust funds that have not been transferred to the appropriate entities.

Fund Balance Classifications

1. Restricted fund balance – amounts that are restricted when constraints placed on the use of resources are either (a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.
2. Assigned fund balance – amounts that are constrained by the Quorum Court's intent to be used for specific purposes, but are neither restricted nor committed.
3. Unassigned fund balance – amounts that have not been assigned to other funds and that have not been restricted, committed, or assigned to specific purposes within the general fund. This classification may also include negative amounts in other governmental funds, if expenditures incurred for specific purposes exceeded the amounts restricted, committed, or assigned to those purposes.

1. **(Continued)**

**D. Property Taxes**

A lien attaches to the real property in January and on personal property in June of each year. Property taxes are collectible beginning the first business day of March of the subsequent year, but are not considered delinquent until after October 15.

**E. Budget Law**

1. Legal Requirements

State law requires that the Quorum Court, before the end of each fiscal year, make appropriations, by ordinance, for the expenditures of County government for the following year. The Quorum Court may make appropriation amendments at any time during the current fiscal year. Appropriations lapse at the end of each year. Under certain conditions, the budget may be amended subsequent to the year-end.

2. Accounting

The County prepared an annual budget on the regulatory basis for the General Fund, Road Fund, and the other operating funds.

**F. Fund Balance Classification Policies and Procedures**

The County's highest level of decision-making authority is its Quorum Court. The establishment of amounts classified as committed fund balances and any subsequent modifications to such balances are the result of formal action taken by the Quorum Court through passage of an ordinance. The Quorum Court is authorized to assign amounts to a specific purpose, although a formal policy has not been established.

For classification of fund balance amounts, restricted resources are considered spent before unrestricted. When expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used, committed amounts are reduced first, followed by assigned amounts, and then unassigned amounts.

There were no committed fund balances at year-end.

**Landfill Closure and Postclosure Care Costs**

Bradley County is the owner of permit no. 0307-S4 to operate a Class IV solid waste landfill. State and federal regulators require a final cover to be placed on the landfill site when the County stops accepting waste and perform certain maintenance and monitoring functions at the site for two years after closure. Although closure and post closure care cost will be paid only near or after the date the landfill stops accepting waste, a portion of these closure and post closure care cost are being recognized as a commitment each year based on landfill capacity used as of the balance sheet date. The estimated commitment for the landfill closure and post closure care cost has a balance of \$40,303 as of December 31, 2020, and represents the cumulative amount reported to date based on 31% usage of the landfill. The County will recognize the remaining estimated cost of closure and post closure care of \$89,078 as the remaining capacity is filled. At the present utilization rate, the landfill site is estimated to exhaust in 22 years from the balance sheet date.

Estimated costs are based on the amount that would be paid if all equipment, facilities, and services required to close, monitor and maintain the landfill were acquired as of December 31, 2020. However, the actual cost of closure and post closure care may be higher due to inflation, changes in technology, or changes in landfill laws and regulations.

The County is required by Ark. Code Ann. §§ 8-6-1602 – 1603 to establish financial assurance for the cost of closure and postclosure care in compliance with state regulations and the solid waste permit. The County is in compliance with these requirements.

**6. Arkansas Public Employees Retirement System**

**Plan Description**

The County contributes to the Arkansas Public Employees Retirement System (APERS), a cost-sharing multiple-employer defined benefit pension plan. APERS, administered by a Board of Trustees, provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by State law and can be amended only by the Arkansas General Assembly. The Arkansas Public Employees Retirement System issues a publicly available financial report that includes financial statements and required supplementary information for APERS. That report may be obtained by writing to Arkansas Public Employees Retirement System, 124 W. Capitol, Suite 400, Little Rock, Arkansas 72201, by calling 1-800-682-7377, or on their website [www.apers.org](http://www.apers.org).

**Funding Policy**

APERS has contributory and non-contributory plans. Contributory members are required by State law to contribute 5% of their salary. Each participating employer is required by State law to contribute at a rate established by the Board of Trustees of the system based on the annual actuarial valuation. The County's contributions to the plan for the year ended June 30, 2020 (date of APERS Employer Allocation Report) were \$228,630.

**Net Pension Liability**

The requirements of Governmental Accounting Standards Board Statement no. 68, under the regulatory basis of accounting, are limited to disclosure of the County's share of the collective net pension liability. The County's proportionate share of the collective net pension liability at June 30, 2020 (actuarial valuation date and measurement date) was \$2,190,224.
