Independent Accountant's Report on Applying Agreed-Upon Procedures

To the Board of Directors
Oak Grove Water Users Public Water Authority
Van Buren, Arkansas

We have performed the procedures enumerated below on the financial and billing records of Oak Grove Water Users Public Water Authority as of and for the year ended December 31, 2025. Oak Grove Water Users Public Water Authority's management is responsible for the financial and billing records.

Oak Grove Water Users Public Water Authority has agreed to and acknowledged that the procedures performed are appropriate to meet the intended purpose which is to comply with Arkansas Code Annotated 14-234-119 through 14-234-122 and *Guidelines for Conducting Agreed-Upon Procedures for Water and Sewer Service providers* as prepared by Arkansas Legislative Audit. This report may not be suitable for any other purpose. The procedures performed may not address all the items of interest to a user of this report and may not meet the needs of all users of this report and, as such users are responsible for determining whether the procedures performed are appropriate for their purpose.

The procedures and associated findings are as follows:

(1) Cash and Investments

- A. Perform a proof of cash for the year and reconcile year-end bank balances to book balance. We concluded this procedure with no findings.
- B. Confirm with depository institutions the cash on deposit and investments. We concluded this procedure with no findings.
- C. Agree the proof of cash ending balances to the book balances within 5% or \$500, whichever is greater. The ending balances for all accounts were within these parameters.

(2) Receipts

- A. Agree the deposits per the proof of cash for the year with the deposits per the journal within 5% or \$500, whichever is greater. We concluded this procedure and found the deposits were within the parameters.

- B. Agree ten customer payments on the accounts receivable sub ledger to deposit, billing documents. We concluded this procedure with no findings.
 - C. For ten deposits, agree the cash/check composition of the deposit with receipt information. We concluded this procedure with no findings.
- (3) Accounts Receivable
- A. Agree ten customer billings to the accounts receivable sub ledger. We concluded this procedure with no findings.
 - B. Determine that five customer adjustments were properly authorized. We concluded this procedure with no findings.
- (4) Disbursements
- A. Agree the disbursements per the proof of cash for the year with the disbursements per the journal within 5% or \$500, whichever is greater. We concluded this procedure and found the disbursements to be within the parameters.
 - B. Analyze all property, plant and equipment disbursements. We concluded this procedure with no findings.
 - C. Select all disbursements to employees other than payroll and ten other disbursements and determine if they were adequately documented. We concluded this procedure with no findings.
- (5) Property, plant and equipment
- A. Determine that additions and disposals were properly accounted for in the records. We concluded this procedure with no findings.
- (6) Long-term debt
- A. Schedule long-term debt and verify changes in all balances for the year. We concluded this procedure with no findings.
 - B. Confirm loans, bond, notes and contracts payable with lender/trustee/contractor. We concluded this procedure with no findings.
 - C. Determine that the appropriate debt service accounts have been established and maintained. We concluded this procedure with no findings.
- (7) General
- A. Determine that any items of financial significance were approved and documented in the minutes of the Association's meetings. The minutes were provided to us and were read. We found all financially significant items to be documented.

We were engaged by Oak Grove Water Users Public Water Authority to perform this agreed-upon procedures engagement and conducted our engagement in accordance with attestation standards established by the American Institute of Certified Public Accountants. We were not engaged to and did not conduct an examination or review engagement, the objective of which would be the expression of an opinion or conclusion, respectively, on the financial and billing records. Accordingly, we do not express such an opinion or conclusion. Had we performed

additional procedures, other matters might have come to our attention that would have been reported to you.

We are required to be independent of Oak Grove Water Users Public Water Authority and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our agreed-upon procedures engagement.

This report is intended solely for the information and use of Oak Grove Water Users Public Water Authority and Legislative Joint Auditing Committee and is not intended to be and should not be used by anyone other than these specified parties.

OAK GROVE WATER USERS PUBLIC WATER AUTHORITY

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

Nature of Operations

The Oak Grove Water Users Public Water Authority (formerly the Oak Grove Water Users Association) (the Authority) was incorporated in 1968 as a non-profit corporation organization in Arkansas to provide water to the residents of the Oak Grove Community.

1. Summary of Significant Accounting Policies

Basis of Presentation

The Authority's financial statements are prepared in conformity with principles generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is the acknowledged standard setting body for establishing accounting and financial reporting standards followed by governmental entities.

The Authority accounts for its operations as an enterprise fund. An enterprise fund is a proprietary type fund used to account for operations that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

Financial Reporting

The accompanying financial statements have been prepared using the economic resources measurement focus and the accrual basis of accounting and reflect transactions on behalf of the Authority. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Income Taxes

The Authority is exempt from income taxes as a governmental agency.

Cash Equivalents

For purposes of the Statement of Cash Flows, the Authority considers all highly liquid debt instruments with a maturity of three months or less when purchased to be cash equivalents including restricted cash.

Accounts Receivable

Accounts receivable consists of water sale billed to customers based on consumption. The Authority does not charge interest on past due accounts but does charge a late fee for late payments. Accounts receivable are recorded net of estimated uncollectible amounts. Management establishes an allowance for uncollectible accounts receivable based on historical collection experience and management's evaluation of the collectability of outstanding accounts receivable. The allowance for doubtful accounts was \$3,000 at December 31, 2025 and 2024.

OAK GROVE WATER USERS PUBLIC WATER AUTHORITY

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

1. Summary of Significant Accounting Policies (continued)

Prepaid Expenses

Payments made to vendors for services that will benefit future periods are recorded as prepaid expenses using the consumption method by recording a current asset for the prepaid amount at the time of purchase and reflecting the expense in the year which services are consumed.

Capital Assets and Depreciation

Capital assets of the Authority are recorded at cost. Depreciation is computed using the straight-line method over the estimated useful lives of the assets. Expenditures for maintenance and repairs that do not add to the value of the assets or materially extend asset lives are not capitalized. The estimated useful lives of the assets are as follows:

Office equipment	5 - 8 years
Water system	10 - 70 years

It is the Authority's policy to capitalize asset purchases equal to or more than \$500. Expenditures of less than \$500 are expensed at the time of purchase.

Customer Meter Deposits

Customers are required to make a meter deposit before being connected to the water system. These deposits are refundable to customers when the Authority no longer services the customer. The Authority uses the customer deposits to pay the customers' final bill and refunds directly to the customer the balance remaining, if any, of the deposit.

Compensated Absences

It is the Authority's policy not to permit employee's to accumulate earned but unused vacation and sick pay benefits. Accordingly no liability is reported for unpaid accumulated sick leave or vacation time.

Net Position

Net position of the Authority are classified in three components - net investment in capital assets, restricted, and unrestricted. These classifications are defined as follows:

Net investment in capital assets - This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. If there are significant unspent related debt proceeds at year-end, the portion of the debt attributable to the unspent proceeds are not included in the calculation of invested in capital assets, net of related debt. Rather, that portion of the debt is included in the same net position component as the unspent proceeds.

OAK GROVE WATER USERS PUBLIC WATER AUTHORITY

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

1. Summary of Significant Accounting Policies (continued)

Net Position (continued)

Restricted - This component of net position consists of constraints placed on net position use through external constraints imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation.

Unrestricted - This component of net position consists of net position that does not meet the definition of "restricted" or "net investment in capital assets".

The Authority does not have a policy addressing whether it considers restricted or unrestricted amounts to have been spent when expenditures are incurred for purposes for which both restricted and unrestricted amounts are available. Authority personnel decide which resources (source of funds) to use at the time expenditures are incurred. For financial statement classification of net position amounts, restricted resources are considered spent before unrestricted.

Operating Revenues and Expenses

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Authority consist of water sales and treatment. Operating expenses include the cost of these goods and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principals requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. Deposits in Financial Institutions

The Authority does not have a formal deposit and investment policy, but does follow state laws and bond ordinance resolutions.

State statutes generally require that municipal funds be deposited in federally insured banks located in the state of Arkansas. The municipal deposits may be in the form of checking accounts, savings accounts, and time deposits. Public funds may be invested in direct obligations of the United States of America, the principal and interest of which are fully guaranteed by the United States government.

Total	\$ 510,963	\$ 488,981		

Interest Rate Risk

Interest rate risk is the risk the changes in interest of debt investments will adversely affect the fair value of an investment. The Authority's investments are not subject to interest rate risk as the investments are short-term in nature.

Credit Risk

Credit risk is the risk that the issuer or other counterparty to an investment will not fulfill its obligations. All of the Authority's certificates of deposit are covered by FDIC limits and/or pledged securities.

Custodial Credit Risk

Custodial credit risk is the risk that in the event of the failure of the counterparty the Authority will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. All investments held by the Authority or by an agent of the Authority are in the Authority's name.

Construction in progress totaling \$2,899,470 and \$325,715 at December 31, 2025 and 2024, respectively, is for a .5MG Elevated Tank and pump Station. The Authority secured bond proceeds totaling \$4.2 million to fund project construction (see Note 5).

5. Long-Term Debt

On July 9, 2024, the Authority issued Water Revenue Bonds, Series 2024 in the amount of \$4,225,060. Proceeds from the bonds are to be used for the costs of planning, designing, acquiring, equipping, and constructing extensions, betterments, and improvements to better the Authority's water system, including, but not limited to, construction of a pump station, water storage tank, and related improvements. The Authority will make monthly payments of interest only, at 2.85%, until December 1, 2026 when monthly payments of principal and interest of \$17,473 commence. The Authority has drawn \$22,294 for project costs and incurred a \$123,060 loan origination fee for total borrowing of \$145,354 as of December 31, 2024. During 2025, the Authority drawn an additional \$2,749,163.17 for the project. The bonds mature in 2056 and are secured by revenues of the Authority.

The provisions for loan default include: outstanding principal and interest become immediately due and payable; appointing a receiver to administer the Authority on behalf of the issuer until all defaults have been cured; or any other remedy permitted by law.

6. Rate Covenant

The Bond Resolution of the 2025 Series Bonds contains a provision (the Rate Covenant) which requires the Authority to maintain their water rates at an amount sufficient to (1) pay all operation, repair and maintenance expenses, (2) make all required deposits into the Depreciation Fund, and (3) leave a balance equal to the debt service requirements for the year of all outstanding obligations, as well as maintain specific restricted cash accounts and to meet various other general requirements. The Authority was in compliance with the rate covenant at September 30, 2025. The Authority has not established the required cash accounts, but has enough cash on hand to cover the reserve requirements.

7. Concentrations of Credit Risks

Financial instruments that potentially subject the Authority to credit risk consist primarily of accounts receivable. The Authority sells only to its members in and around Van Buren, Arkansas.

8. Risk Management

The Authority is exposed to various levels of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Authority carries commercial insurance and a surety bond for these risks of loss.

There has been no significant reduction in the Authority's insurance coverage from the previous year. In addition, there have been no settlements in excess of the Authority's coverage in any of the prior three fiscal years.
