INDEPENDENT ACCOUNTANT'S COMPILATION REPORT

To the Mayor, City Council and Management
of City of Newark Water and Sewer Department
P.O. Box 315
Newark, Arkansas 72562

Management is responsible for the accompanying financial statements of the business-type activities of the City of Newark Water and Sewer Department (proprietary funds of the City of Newark, Arkansas) which comprise the statement of assets, liabilities and net position – modified cash basis as of December 31, 2025, and the related statement of revenues, expenses and changes in net position – modified cash basis for the year then ended, in accordance with the modified cash basis of accounting, and for determining that the modified cash basis of accounting is an acceptable financial reporting framework. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statements nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. We do not express an opinion, a conclusion, nor provide any assurance on these financial statements.

The financial statements are prepared in accordance with the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

Management has elected to omit substantially all of the disclosures ordinarily included in financial statements prepared in accordance with the modified cash basis of accounting. If the omitted disclosures were included in the financial statements, they might influence the user's conclusions about the City of Newark, Arkansas Water and Sewer Department's assets, liabilities, net position, revenues, and expenses. Accordingly, the financial statements are not designed for those who are not informed about such matters.

Management has omitted the management's discussion and analysis that the Governmental Accounting Standards Board requires to be presented to supplement the basic financial statements. Such missing information, although not a required part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context.
