### **ADVANCED PLACEMENT INCENTIVE**

The Advanced Placement (AP) Incentive program provided support to establish AP courses that are easily accessible and prepare students for admission to and success in a postsecondary educational environment. AP courses and exams provide high school students the opportunity to earn credit at most colleges and universities. The program paid for professional development support for teachers of AP and Pre-AP courses and for equipment and materials grants for AP teachers.

### **ALTERNATIVE LEARNING**

School districts were required to provide an alternative learning environment (ALE) for students who demonstrated an inability to function in the standard learning environment. The ALE educational programs provided eligible students alternative classroom settings, as well as additional services to meet the needs of this group of at-risk students. ADE calculated ALE funds in the 2024-2025 school year by multiplying \$5,086 by the number of identified ALE students enrolled during the previous school year, pursuant to Arkansas law and ADE rules.

### **ARKANSAS LEADERSHIP ACADEMY, MASTER PRINCIPAL AND BONUS**

The Arkansas Leadership Academy administers the Master Principal Program, which provides training programs and opportunities to expand the knowledge base and leadership skills of public school principals, teachers, superintendents, and other administrators, and school board members. Principals who achieve Master Principal status through the Arkansas Leadership Academy are eligible for incentive bonuses. Pursuant to Ark. Code Ann. § 6-17-1603, a \$9,000 bonus is paid annually for five years to full-time principals at Arkansas public school districts. An annual bonus of \$25,000 is paid to full-time principals who serve at a “high-need” public school district, as allowed by Ark. Code Ann. § 6-17-1604.

### **ASSESSMENT/END OF LEVEL TESTING**

This line item pays awards of up to \$50 to schools for each student score of 3 or better on Advanced Placement exams. ADE also supports school districts by providing each student in grade 10 or 11 with the opportunity to take the ACT exam without charge, pursuant to Ark. Code Ann. § 6-18-1606. Funds are also used to provide concurrent classes to high school students. The Office of Innovation for Education (OIE) is funded by the Assessment appropriation and works with ADE and school districts in developing accountability systems that meet the changing educational needs of Arkansas students. This line item also supports a grant for hosting the online version of the Arkansas Civics exam, as required by Act 478 of 2017.

### **BETTER CHANCE GRANTS**

Arkansas Better Chance Grants are administered by the Arkansas Department of Education - Division of Elementary and Secondary Education - Office of Early Childhood to serve children ages birth through 5 years, excluding those enrolled in kindergarten, meeting eligibility criteria. For the 2024-25 school year, the distribution of funds is \$5,070 per child for classroom-based programs and \$1,894 per child for home-visiting program.

### **BONDED DEBT ASSISTANCE**

This aid, formerly known as Debt Service Funding Supplement, was provided to school districts to offset a portion of the existing debt burden incurred and to increase the amount of local revenue available for the maintenance and operation of schools. Bonded Debt Assistance funds are to be used for the payment of bonded debt.

Pursuant to Ark. Code Ann. § 6-20-2503, the following calculation, which was based on a school district's Principal and Interest Payment Schedule in effect and on file with ADE on January 1, 2005, was used to determine Bonded Debt Assistance. Each eligible district's annual debt service payment was reduced by 10%. If a district demonstrated to the Commission for Arkansas Public School Academic Facilities and Transportation (Commission) that all or a portion of the 10% reduction in its scheduled debt payment was attributable to the support of academic facilities, the Commission reversed all or a portion of the 10% reduction by a percentage proportionate to the amount attributable to academic facilities. The remaining 90% (or greater if a percentage was reversed) of the principal and interest payment was divided by the total assessed value of the district and multiplied by 1,000 to calculate the required debt service mills. This product was multiplied by the State Wealth Index, multiplied by the prior-year three-quarter Average Daily Membership, and multiplied by a funding factor.

These funds were paid on or before August 1 and February 1 of each year. If a district qualified for Bonded Debt Assistance, the amount of aid was not changed as a result of refunding outstanding bonds in effect and on file with ADE on January 1, 2005. As the amount of state financial assistance decreases due to reductions in principal and interest payments, bond payoff, and increases in property assessments, the Commission distributes savings to the Educational Facilities Partnership Fund (EFP), in accordance with rules promulgated by the Commission.

### **COMPUTER SCIENCE**

Funds are used to promote computer science education and build local capacity for computer science instruction.

### **COOPERATIVE EDUCATION TECHNICAL CENTERS OPERATIONS**

Technology Coordinators in the education service cooperatives assisted local school districts by providing technology training, advising districts in software/hardware purchases, and overseeing technology laboratories. The maximum amount of funds available to each of the State's 15 education service cooperatives and a central Arkansas district was set by the State Board of Education. The maximum amount was \$80,000.

### **COORDINATED SCHOOL HEALTH**

These funds are used to promote health, wellness, and academic achievement in Arkansas's public schools and were awarded to districts through a competitive grant application. Grantees established school-based health centers to provide students with basic physical, mental, dental, and/or other services as needed. The program was a collaboration of the ADE Office of School Health Services, Arkansas Department of Health, and Arkansas Department of Human Services.

### **DECLINING ENROLLMENT**

Beginning with Act 21 of the 1st Extraordinary Session of 2006 [Ark. Code Ann. § 6-20-2305(a)(3)], this program provided additional funding to school districts with a prior-year Average Daily Membership (ADM) that was less than the ADM of the year prior to the previous year. Funding was equal to the difference between the average of the ADM for the two immediately preceding years and the ADM for the previous school year, multiplied by the amount of foundation funding per student. School districts cannot receive both declining enrollment funding and student growth funding in the same year. (Act 909 of 2021 changed the law to allow districts to receive both declining enrollment and special needs isolated funding in the same year.)

### **DEPARTMENT OF CORRECTION SCHOOL SYSTEM**

Ark. Code Ann. §§ 12-29-301 – 12-29-305 established the Corrections School System and provided that the cost of running the Corrections School System be borne by the Department of Correction, the Department of Community Correction, and ADE.

### **DISTANCE LEARNING**

The distance learning operations program pays part of connectivity charges for public schools in Arkansas. It also pays for Hanover Research surveys studies and Educational Co-operatives to assist public schools in creating online and/or blended learning environments, including planning, implementation, and evaluation of digital courses; professional development; and web-based technologies on the ADE Data Center along with supporting Software, Platform and Infrastructure as a service needs to fulfill various program data collection, analytics, insights, monitoring, and evaluation. It supports emerging technologies in instruction, assessment, interventions, and support systems, including the Arkansas Digital Locker, to support sharing/collaboration of digital files. Additionally, it covers a portion of the cost of student IT Microsoft Imagine academies, including Certiport testing and the agency's primary mode of communication via FERPA-compliant Microsoft email tenant and e-Discovery tool with schools, district/co-ops, and government and private entities.

### **EARLY CHILDHOOD SPECIAL EDUCATION**

This program provided special education services to preschool children ages 3 to 5 with disabilities and served as state Medicaid match for physical, occupational, and speech therapy services. A portion of the appropriation was used to provide partial reimbursement for Early Childhood Coordinators and certain other program coordination costs.

### **EARLY INTERVENTION DAY TREATMENT SPECIAL EDUCATION SERVICES**

Early Intervention Day Treatment (EIDT) Special Education Services are supplemental State Special Education Preschool funds that were appropriated to supplement the increased costs of providing early childhood special education services.

### **EASTERSEALS**

This program funded the cost of educational services provided by Easterseals to children ages 3 to 21 who have orthopedic and/or communicative disorders. This funding reduced the amount that local school districts had to pay for these educational services and also qualified the facility as "state-supported" so that federal funds were available to further reduce the cost of services to local districts.

### **ECONOMIC EDUCATION**

The objective of this program was to increase the economic literacy of students in grades pre-K through 12 by providing economic and personal finance education and training to teachers. Funding was distributed to the Arkansas Council on Economic Education (now conducting business as Economics Arkansas), a private, nonprofit organization providing certified professional development for teachers of grades K through 12.

### **EDUCATION RENEWAL ZONES**

The Office of Educational Renewal Zones (ERZs) is responsible for creating a partnership between higher education and K-12 public education and using evidence-based practices to support schools and teachers in providing student-focused education. The purpose of an education renewal zone is to identify and implement education and management strategies designed specifically to improve public school performance and student academic achievement statewide, with special focus on the public schools in need of the specialized support and services provided by education renewal zones; provide collaboration among the State's smaller schools and school districts to achieve some of the advantages of economics of scale in providing educational and related activities; maximize benefits and outcomes of public schooling by coordinating available resources to improve public school performance and student academic achievement through a collaborative, statewide effort; and enable schools to make the best use of the latest cost-effective distance learning technology to enhance curricula and professional development opportunities.

### **EDUCATION SERVICE COOPERATIVES**

The 15 education service cooperatives around the State facilitated sharing of resources and services between local school districts and provided a core support system for professional development.

### **EDUCATOR COMPENSATION REFORM**

This one-time funding, sponsored by the General Assembly, assists districts that have never received Teacher Salary Equalization funding.

### **ENGLISH LANGUAGE LEARNERS**

This program served students identified as not being proficient in the English language, enabling school districts to provide specially-trained staff, instructional materials, and training for teachers of these students. Ark. Code Ann. § 6-20-2305(b)(3)(A) sets out the dollar amount to be paid to districts each school year for each student identified as an English language learner. The rate per student for the school year was \$366.

### **ENHANCED STUDENT ACHIEVEMENT FUNDING**

This program provided state categorical funding for students from low socioeconomic backgrounds, as indicated by prior-year eligibility for free or reduced-price meals under the National School Lunch (NSL) Act, as reported on October 1 of each year and submitted to ADE.

For the 2024-2025 school year, Enhanced Student Achievement (ESA) funding, formerly national school lunch state categorical funding, was \$1,613 per student receiving free or reduced-price meals for districts with free and reduced lunch percentage of 90% or greater, \$1,076 for percentages of 70% up to 89%, and \$538 for percentages below 70%. For school districts that were to receive funding based on a different per student amount than the preceding school year due to a percentage change in students receiving free or reduced-price meals, funding would be increased or decreased in each year of a three-year transition period by one-third of the difference between the amount of funding per student for the current year and the prior year, adjusted for changes in rates. A district that experienced significant growth, defined by rule as 1%, in enrolled students in each of the previous three years would receive funding for the expected increase in the number of free and reduced lunch students based on the three-year average growth in enrollment, multiplied by the percentage of students eligible for ESA funding, multiplied by the appropriate per-student funding amount.

### **ENHANCED TRANSPORTATION FUNDING**

This program provided supplemental funding for school districts that experienced high transportation costs. The program originated from the Arkansas Legislature's 2014 Interim Study on Education Adequacy. Funds are disbursed to school districts as outlined in Ark. Code Ann. § 6-20-2309.

### **GIFTED AND TALENTED**

This program provided salary and expenses for two State Advanced Learning and Gifted Education Specialists; funding for Arkansas Governor's School, Outstanding Gifted Program Awards for school districts, and summer student enrichment programs; funding for the Arkansans for Gifted and Talented Education (AGATE) conference and the Arkansas Association of Gifted Education Administrators (AAGEA) conference; and other contributions.

### **GRANTS TO SCHOOL DISTRICTS**

This payment reimbursed the Lead Hill School District for the cost of educating students in northern Arkansas who could not reach their assigned district because Bull Shoals Lake separates them from it. Reaching their assigned district would require a round trip of more than 35 miles.

### **HUMAN DEVELOPMENT CENTER EDUCATION AID**

This program provided \$526,150 to the Department of Human Services for educational services for children at the Conway Human Development Center, the only center in the State that provides special education to children in grades K through 12 with severe disabilities.

### **INTERVENTION BLOCK GRANTS**

The following organizations received funds to support student competitions: Arkansas Governor's Quiz Bowl, State History Day Competition, Creativity in Arkansas, Destination Imagination, and Arkansas Science Fair Association.

### **ISOLATED FUNDING**

Because of location, density, or geographical barriers, some school districts contain areas that are not able to share resources or have unusual transportation needs. Districts that contained such areas received additional funding. Isolated Funding was provided in the 2024-2025 school year in accordance with Ark. Code Ann. §§ 6-20-601 – 6-20-603.

### **MATERNITY LEAVE**

This is an optional cost-sharing agreement between districts and ADE pursuant to Ark. Code Ann. § 6-17-122, as codified by Act 237 of 2023 (the LEARNS Act), for the purpose of providing paid maternity leave to eligible education personnel for up to 12 weeks. Any public school district or open-enrollment public charter school that received a waiver of the teacher minimum salary schedule was not eligible to receive Program funds.

### **MINIMUM TEACHER SALARY**

Act 237 of 2023, the LEARNS Act, amended Ark. Code Ann. § 6-17-2403 to require classroom teachers to be paid a minimum base salary of \$50,000 beginning in 2023-2024. Teachers making above \$50,000 in 2022-2023 were to receive a minimum salary increase of \$2,000 in 2023-2024. Funding was to be provided in the 2023-2024 school year to increase the salaries of teachers making \$48,000 or below in 2022-2023 to the \$50,000 minimum and to increase teacher salaries of \$48,001 or greater by \$2,000. Funding was calculated based on each school district's 2022-2023 cycle 1 budgeted base salaries. Each district's funding amount for subsequent years was to be the same as calculated for the 2023-2024 school year. To qualify for the Teacher Minimum Salary and Raise Funds in 2024-2025, districts were required to meet the following conditions: (1) require each teacher, per teacher contract, to be employed at least 190 school days each year; (2) not adopt a personnel policy, or incorporate terms into a personnel contract, that provides more rights to personnel than those provided under state law in effect during the term of the personnel contract; (3) not have a waiver of teacher salary requirements; (4) be open for on-site, in-person instruction for at least 178 days or 1,068 hours; and (5) utilize an amount of state funds equal to 80% or more of the amount allocated for school-level personnel salaries, according to the adequacy funding matrix recommended by the Senate Committee on Education and the House Committee on Education for the previous school year, for teacher salaries and teacher raises.

If meeting the 80% requirement would impact student safety or potentially cause a school district to go into fiscal distress under the Arkansas Fiscal Assessment and Accountability Program (Ark. Code Ann. § 6-20-1901 et seq.), the public school district may apply to the State Board of Education for a waiver from this requirement. Teacher Minimum Salary and Raise Funds are to be expended only for teacher salaries and benefits.

### **NATIONAL BOARD OF PROFESSIONAL TEACHING STANDARDS**

Ark. Code Ann. § 6-17-413(a)(1)(A) calls for state support in three distinct areas related to advanced national teacher certification: (1) bonuses to National Board Certified Teachers (NBCT), (2) participation fees and substitute pay required for candidacy, and (3) a support system for those candidates. This program encourages teachers to seek certification by the National Board for Professional Teaching Standards by competitively awarding the \$2,500 application fee and up to three days of substitute teacher pay. A person registering for candidacy after January 1, 2018, will receive a \$2,500 annual bonus for five years, upon certification, if the NBCT teaches in a low-poverty school. A person registering for candidacy after January 1, 2018, will receive a \$5,000 annual bonus for five years, upon certification, if the NBCT teaches in a high-poverty school. ADE shall pay a yearly incentive bonus of \$5,000 for no more than 10 school years or, in the case of a recertification obtained before January 1, 2018, for the life of the recertification. A NBCT with a current certificate, who teaches in a high-poverty school AND a high-poverty district or a high-poverty charter school, will receive an annual bonus of \$10,000 for up to 10 years unless the school or district's poverty status changes. Any NBCT teaching in a high-poverty school and a high-poverty district will be allowed to renew one time to complete the 10-year maximum. Funding is also distributed to designated candidate "support centers" at various school districts, education service cooperatives, or institutions of higher education to assist candidates with the National Board certification process. Support center location funding is based on candidate distribution throughout the State. Teachers who do not achieve certification during the required three years must reimburse all state funds expended on their behalf.

### **NON-TRADITIONAL LICENSURE GRANTS**

This program supplemented the cash-funded Alternative Certification program developed by ADE for certifying individuals to teach who have expertise and knowledge in a particular subject but do not have the standard teaching certificate. This program is a "Teaching and Learning" Non-Traditional Licensure Program (NTLP) for those with a college degree in areas other than education. This program was developed by the Arkansas Legislature for the purpose of meeting teacher shortages in critical parts of the State. Recognizing that professionals' experience, knowledge, and previous career successes can positively impact the lives of students, NTLP allows mature career changers, with a variety of work experiences, to teach in public school classrooms. For the 2024-2025 school year, 90 NTLP teachers received up to \$1,000 for teaching in geographic and/or subject areas with critical teacher shortages.

**OPEN-ENROLLMENT CHARTER SCHOOL FACILITIES FUNDING**

Funding was provided to open-enrollment public charter schools for the lease, purchase, renovation, repair, construction, installation, restoration, alteration, modification, or operation and maintenance of an approved academic facility. To be eligible for these funds, open-enrollment public charter schools must have successfully completed the charter approval process; must not use virtual technology as the primary method of delivering instruction; must meet all applicable health, fire, and safety codes; must not be classified as in academic distress or a priority school; and must not be in probationary status.

**PROFESSIONAL DEVELOPMENT FUNDING**

This program provided a coordinated set of planned learning activities for teachers and administrators that are standards-based. These activities should result in individual, school-wide, and system-wide improvements designed to ensure that all students demonstrate proficiency in meeting state academic standards. For the 2024-2025 fiscal year, Professional Development Funding per district was up to \$41 multiplied by the district's Average Daily Membership for the previous school year. Additionally, ADE paid Arkansas PBS \$1,818,391 of the up to \$3.5 million authorized each year for the Internet Delivered Education for Arkansas Schools (IDEAS) system for teacher professional development and educational resources.

**PUBLIC SCHOOL EMPLOYEES INSURANCE**

These programs pay a sum determined by the General Assembly to the to the Arkansas Department of Transformation and Shared Services - Employee Benefits Division to supplement school districts' contributions to the public-school employees' health insurance program and also funded the monthly health insurance cost per employee for employees of education service cooperatives, vocational centers, Easterseals, and the Department of Correction school.

**REDUCED LUNCH**

The National School Lunch Program (NSLP) is a federally assisted meal program operating in public schools. It provides nutritionally balanced, low-cost or free lunches to children each school day. The NSLP covers a portion of the meal cost for students who fall between 130% and 185% of the federal poverty line. Act 565 of 2023 minimizes the burden on these families by creating a way for each student who qualifies for reduced price meals to receive those meals for free.

**RESIDENTIAL CENTER/JUVENILE DETENTION**

Funds were disbursed to school districts for educational costs of students ages 3 through 21 in approved residential psychiatric and drug/alcohol treatment facilities or juvenile detention centers. Reimbursement for residential facilities was made at a daily rate (\$60) established by ADE. Reimbursement for juvenile detention centers was calculated at the rate of foundation funding multiplied by the number of approved beds. When reimbursement requests exceeded funds available, reimbursements were prorated.

**RISE ARKANSAS**

R.I.S.E. (Reading Initiative for Student Excellence) Arkansas encourages a culture of reading by coordinating a statewide reading campaign with community partners, parents, and teachers to establish the importance of reading in homes, schools, and communities.

Three goals align with the work done through the grant:

Goal 1: Sharpen the focus and strengthen instruction.

Goal 2: Create community collaboration.

Goal 3: Build a culture of reading.

The RISE grant provides strategic supports to current and future educators implementing the science of reading in grades K-6 to support students meeting grade-level expectations for reading and writing. This grant also provides strategic support to meet the needs of educators as they build toward proficiency in the science of reading, including professional learning throughout the year and job-embedded supports that are research and evidence-based.

**SCHOOL FACILITY JOINT USE SUPPORT**

These funds are used to promote opportunities for physical activity for rural Arkansans and were awarded to districts through a competitive grant application. Grantees establish formal Joint Use Agreement partnerships with local municipalities or local nonprofit organizations as a way to make recreational spaces available for community use while school is not in session and students are not present. The intent of the program was to encourage schools to allow their indoor and outdoor facilities to be used by the public and the community as accessible and safe environments for community and family activity.

**SCHOOL FOOD SERVICES**

This program, combined with the Surplus Commodities program, provided the state match for the total school food program in local schools. These grants were paid to school districts at a rate based on the number of lunches served.

### **SCHOOL RECOGNITION PROGRAM**

The Arkansas School Recognition Program (authorized by Ark. Code Ann. § 6-15-2107) provides awards to the top 10% of schools that achieve high student performance on the state-required assessments in grades 3 through 10. Awards also are given to the top 10% of public schools that achieve high student academic growth, which includes high school graduation rates where applicable.

### **SERIOUS OFFENDER PROGRAM**

Serious Offender Units for juveniles are operated by the Department of Human Services (DHS) - Division of Youth Services (DYS), but ADE pays the educational costs of students located in these units through a Memorandum of Understanding with DHS. The current program has been in effect since 1996 for the purpose of generating educational funds for the DYS Juvenile Treatment Centers Program. DYS was provided funds based on the average daily attendance of students in the facility.

### **SMART START/SMART STEP**

This grant program supports a state network of literacy and mathematics specialists who assist school stakeholders with professional learning throughout the year to maintain a highly-qualified teaching staff. In addition, this grant program provided professional learning opportunities to all K-12 educators through statewide conferences, regional workshops, and satellite-delivered meetings. All K-12 schools are provided evidence-based resources and materials to support teaching and learning, including professional books and videos.

### **SPECIAL EDUCATION – CATASTROPHIC OCCURRENCES**

This program assisted school districts with special education students who required extraordinary support services, such as full-time registered nurses or elaborate assistive technology. The special education and related services these students required were unduly expensive, extraordinary, or beyond the routine costs associated with special education. Reimbursements from this program could be sought only after eligible costs for the child equaled or exceeded \$15,000 and Medicaid, federal IDEA Part B 611, and available third-party funds were applied to the catastrophic occurrence.

### **SPECIAL EDUCATION SERVICES**

This program provided funding to support the provision of Extended School Year (ESY) services to eligible students with disabilities in need of such services, special education services to children with disabilities who were wards of the State, and funding to support the payment of salaries to special education supervisors. Funding was provided to school districts to support the salaries of special education supervisors based on a per child basis. In addition, funding was provided to school districts and education service cooperatives for ESY services.

### **SPECIAL NEEDS ISOLATED FUNDING**

This program provided additional funding to school districts that contained isolated school areas and met criteria for small school district funding. As stipulated in Ark. Code Ann. § 6-20-604, school districts containing isolated school areas had to meet certain eligibility requirements, including involvement in a consolidation or annexation, low student density ratios, and certain Average Daily Membership levels. Pursuant to Ark. Code Ann. § 6-20-604(h), any funds appropriated for isolated funding and/or special needs isolated funding that remained after the initial distributions were equally divided and distributed among districts that received isolated special needs funding, other than small school district funding to be used for transportation costs of isolated school areas.

### **STATE FOUNDATION FUNDING**

This funding was distributed in accordance with Ark. Code Ann. § 6-20-2305(a). For the 2024-2025 school year, state foundation funding was computed as the annual foundation funding amount per student (\$7,771) multiplied by the Average Daily Membership (ADM) of the previous school year less the sum of 98% of the uniform rate of tax (25 mills) multiplied by the property assessment of the school district and miscellaneous funds of the school district calculated under Ark. Code Ann. § 6-20-2308. The funding for charter schools used the same amount of per-student foundation funding but used the ADM of the prior or current school year, as required by law. ADM is the total number of days of school attended plus the total number of days absent by students in grades K through 12 during the first three quarters of each school year, divided by the number of school days actually taught in the school district during that time period, rounded up to the nearest hundredth.

For the 2024-2025 school year, \$1,857,052,830 and \$210,077,873 were calculated as State Foundation Funding Aid for traditional school districts and open-enrollment charter schools, respectively. Variances between these calculations and the amounts distributed, as reported in Attachment 2, are caused by prior-year adjustments, timing differences, and the recoupment of funds from school districts that collected over 98% of the uniform rate of tax.

### **STUDENT GROWTH**

This program provides supplemental funding to school districts that have a growth in students over the previous school year. Pursuant to Ark. Code Ann. § 6-20-2305(c)(2)(A), student growth funding is comprised of four calculations. Student growth funding is calculated as the sum of the following amounts: One quarter (1/4) of the current foundation funding amount of per-student foundation, as established by the General Assembly, multiplied by the increase, if any, in the school district's previous fiscal year fourth quarter Average Daily Membership (ADM) compared to the fiscal year three-quarter ADM in the year prior to the aforementioned fourth quarter ADM; current fiscal year first quarter ADM compared to the prior fiscal year three-quarter ADM; current fiscal year second quarter ADM compared to the prior fiscal year three-quarter ADM; and current fiscal year third quarter ADM compared to the prior fiscal year three-quarter ADM.

### **TEACHER INCENTIVE**

The Merit Teacher Incentive Fund Program was created to recognize and reward excellent teachers across the State of Arkansas. A teacher deemed eligible under the program may be awarded annual bonuses of no more than \$10,000, if funds are available. To be eligible for funds, a teacher must have an annual rating of "effective" or "highly effective" on a state-approved evaluation system. All applicants must demonstrate a positive impact on student growth to be eligible to receive an award. Other eligibility requirements are considered in addition to growth. To be eligible for an award from the Merit Teacher Incentive Fund Program, an applicant must be:

- A teacher who holds a valid Arkansas educator's license.
- An aspiring teacher participating in a yearlong residency.

The applicant must demonstrate outstanding growth in student performance as determined by the State's value-added measure system, serve as a mentor to aspiring teachers who are participating in a yearlong residency, teach in a subject area identified as experiencing a critical shortage of teachers, or teach in a geographical area identified as experiencing a critical shortage of teachers. Individuals qualifying shall receive funds by June 30 of each year. The following factors may be considered when determining distribution:

- A teacher's value-added growth score from the previous year.
- The poverty level of the school.
- The designated performance rating of the school under the school rating system per Ark. Code Ann. § 6-15-2101 et seq.

A teacher who, in the previous school year, was in intensive support status under the Teacher Excellence and Support System (Ark. Code Ann. § 6-17-2801 et seq., per Section 6.13) is ineligible for receipt of funds under the program for the subsequent school year. Funds awarded as part of the Merit Teacher Incentive Fund Program shall be provided to a recipient's employing school district and include fringe benefits for the award recipient.

### **TEACHER LICENSURE/MENTORING**

This program covers the Arkansas Induction Program for new teachers and administrators, which provides mentoring for support, retention, and professional growth of new educators.

Per ADE Rules Governing Educator Support and Development, novice teacher mentoring resources are coordinated regionally through the Department using grants with educational partners. The grant funds a mentoring program specialist who coordinates the use of additional grant monies to ensure novice teachers receive mentoring that (1) provides training and support to increase teacher retention; (2) establishes norms of professionalism; and (3) leads to improved student achievement by increasing effective teacher performance. Grant funds will also be used to provide licensure assessment support to individuals who need to obtain an assessment score that will qualify them for licensure.

The Arkansas Association for Educational Administrators facilitates the mentoring support for novice administrators in a similar process as the educational cooperatives. The Beginning Administrator Program provides support to new administrators to enhance their effectiveness in the day-to-day operations of the school environment. It enhances new administrators' leadership skills by enabling them to provide quality feedback to teachers on their instructional practices. The program provides support to new administrators that increases the desire to remain in an administrative role, while allowing them to have a measurable impact on student learning.

The mentoring programs are aligned to the State's teacher and administrator support and evaluation systems. Online competency-based professional learning opportunities are available to support the individual professional growth needs of educators. Funds are used to pay for the development of competency-based professional learning and the content delivery platform.

Funds are also distributed to school districts, institutions of higher education, and education service cooperatives to provide training and support to all educators.

### **TEACHER OF THE YEAR**

In submitting an application for Arkansas Teacher of the Year, a school district agreed that, if its teacher candidate were selected, the district would place the teacher on paid administrative leave for the school year immediately following his or her selection, as provided in Ark. Code Ann. § 6-17-2504. During the school year in which the Arkansas Teacher of the Year was on paid administrative leave, ADE reimbursed the district for the salary and benefits of the Teacher of the Year, as provided in Ark. Code Ann. § 6-17-2505. During this time, the Teacher of the Year served in an advisory position as a non-voting member of the State Board of Education.

### **TEACHER RETIREMENT MATCHING**

These payments consisted of employer matching payments for employees of the education service cooperatives, vocational centers, and the Arkansas Correctional School. The matching rate was 15% of salaries for all employees.

### **TEACHER SALARY EQUALIZATION**

To assist in addressing the disparities in teacher salaries within Arkansas and compared to surrounding states, Act 680 of 2021 created the Teacher Salary Equalization Fund to provide public school districts and open-enrollment charter schools with additional funding dedicated to increasing teacher salaries. Equalization funding is provided to districts and charter schools that have an average annual teacher salary below the statewide target average annual salary set by the legislature. Equalization funding is continuous and will increase if a district's ADM increases. The legislature may also increase the state target average and the amount of per-student funding as part of the adequacy review process. Funding will not decrease below the amount a district receives in the initial base year, even if ADM decreases. The goals of the legislature in providing equalization funding include regular increases in the state average salary, an improved state ranking for average salary among Southern Regional Education Board (SREB) states, a continuous reduction in the gap between the highest and lowest average salary and starting salary in the State, lower rates of teacher attrition, and an increased number of districts with a starting salary above the minimum required by statute. To achieve these goals, at a minimum, districts and charter schools use equalization funds to meet or exceed the state minimum salary requirements in Ark. Code Ann. § 6-17-2403 each year. Districts and charter schools may also use equalization funds to increase or add to local minimum salary schedules and for salaries and benefits paid out of the teacher salary fund.
