### INDEPENDENT AUDITOR'S REPORT

Arkansas State University System  
Legislative Joint Auditing Committee

We have audited the accompanying basic financial statements of the Arkansas State University System (Institution), an Institution of Higher Education of the State of Arkansas, as of and for the year ended June 30, 2006, as listed in the table of contents. These financial statements are the responsibility of the Institution's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Arkansas State University Foundation, Inc., which represent 100% of the assets, net assets, and revenues of the discretely presented component unit. Those financial statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Arkansas State University Foundation, Inc., is based on the report of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The financial statements of the Arkansas State University Foundation, Inc. were not audited in accordance with *Government Auditing Standards*. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the report of other auditors provide a reasonable basis for our opinions.

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Arkansas State University System and of its discretely presented component unit as of June 30, 2006, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated November 10, 2006 on our consideration of the Institution's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The Management's Discussion and Analysis is not a required part of the basic financial statements, but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

### REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Arkansas State University System  
Legislative Joint Auditing Committee

We have audited the financial statements of the Arkansas State University System (Institution), an Institution of Higher Education of the State of Arkansas, as of and for the year ended June 30, 2006, and have issued our report thereon dated November 10, 2006. Our report was modified to include a reference to other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Other auditors audited the financial statements of the Arkansas State University Foundation, Inc., as described in our report on the Institution's financial statements. The financial statements of the Arkansas State University Foundation, Inc. were not audited in accordance with *Government Auditing Standards*.

#### Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Institution's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide an opinion on the internal control over financial reporting. However, we noted certain matters involving the internal control over financial reporting and its operation that we consider to be reportable conditions. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect the Institution's ability to initiate, record, process, and report financial data consistent with the assertions of management in the financial statements. Reportable conditions are disclosed below in the Audit Findings section of this letter.

A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, we believe that none of the reportable conditions described above is a material weakness.

#### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Institution's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of the state constitution, state and federal laws and regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We also noted certain additional matters that we reported to management of the Institution in a separate letter dated November 10, 2006.

AUDIT FINDINGS

Reportable Condition(s)

Arkansas State University-Beebe

Arkansas Code requires we comment on certain matters as follows:

Institution personnel indicated unauthorized fuel charges of \$930, which we verified, were made by former Coordinator for Career Pathways, Peter Farhatt, during the period April 8, 2006 through June 14, 2006. Subsequently, Mr. Farhatt reimbursed \$930 to the Institution, and the Institution referred this matter to the appropriate law enforcement agency.

These reports are intended solely for the information and use of the Legislative Joint Auditing Committee, the governing board, institution management, state executive and oversight management, and other parties as required by Arkansas Code, and are not intended to be and should not be used by anyone other than these specified parties. However, pursuant to Arkansas Code Annotated §10-4-417, all reports presented to the Legislative Joint Auditing Committee are matters of public record and distribution is not limited.

### MANAGEMENT LETTER

Arkansas State University System  
 Legislative Joint Auditing Committee

As a management service, we would like to bring to your attention the following other items that came to our attention during this audit. The purpose of such comments is to provide constructive feedback and guidance, in an effort to assist management to maintain a satisfactory level of compliance with the state constitution, laws and regulations and achieve adequate internal controls. These matters were discussed previously with institution officials during the course of our audit fieldwork and at the exit conference.

Arkansas State University-Jonesboro

1. Capital assets represent a significant component of the University's total assets. It is management's responsibility to ensure the accuracy of capital asset records. Substantial errors in capitalization procedures were detected as follows:

- (a) Certain assets, acquired through debt instruments, were not properly valued at the time of inception. Additionally, debt payments were inappropriately capitalized causing certain assets to be overstated.
- (b) Costs of certain construction projects had not been properly capitalized. On a specific project, prior year costs were capitalized again instead of the audit year costs.

Total detected errors resulted in an adjustment of \$499,178 to the financial statements.

We recommend the University evaluate its procedures and controls relating to capital assets accounting.

2. We performed audit procedures on the information system controls related to the Banner Finance Application for the period June 15, 2006 through August 16, 2006. The following information systems control weaknesses were noted:

- (a) Access security controls were not adequate. These conditions could lead to misuse or theft of University funds in addition to inadequate segregation of duties pertaining to electronic data management.
- (b) There is no formal, documented and approved business continuity plan. Application users have no manual procedures to implement in a disaster situation. This condition could prevent operations from continuing should there be an interruption in computer processing capability and could place a financial and personnel burden on the resources of the University.

STUDENT ENROLLMENT DATA - In accordance with Ark. Code Ann. 6-60-209, we performed tests of the student enrollment data for the year ended June 30, 2006, as reported to the State Department of Higher Education, to provide reasonable assurance that the data was properly reported. Our testing was limited to the fall and spring terms of the year. The enrollment data reported was as follows:

	<u>Fall Term</u> <u>2005</u>	<u>Spring Term</u> <u>2006</u>
Student Headcount	18,489	17,547
Student Semester Credit Hours	200,373	187,059

During our review, nothing came to our attention that would cause us to believe that the student enrollment data was not substantially correct.

These reports are intended solely for the information and use of the Legislative Joint Auditing Committee, the governing board, institution management, state executive and oversight management, and other parties as required by Arkansas Code, and are not intended to be and should not be used by anyone other than these specified parties. However, pursuant to Arkansas Code Annotated §10-4-417, all reports presented to the Legislative Joint Auditing Committee are matters of public record and distribution is not limited.

## Management's Discussion and Analysis

### Financial Statement Presentation

This section of the Arkansas State University System (The University) annual financial report presents discussion and analysis of the University's financial performance during the fiscal year ended June 30, 2006. This discussion and analysis is prepared by the University's financial administrators and is intended to provide information on the financial activities of the University that is both relevant and easily understandable. Information is also provided on the University's financial position as of June 30, 2006 as further explanation of the results of the year's financial activities.

The statements have been prepared using the format specified in Governmental Accounting Standards Board (GASB) Statements Number 34 and 35. GASB Statement Number 34 does not require the presentation of comparative information from the previous fiscal year but does require a discussion of any significant changes in the University's financial position or the results of its operations. The University has chosen to present comparative information for the fiscal year ended June 30, 2005.

The University's financial statements for the year ended June 30, 2006 have been audited and the Arkansas Division of Legislative Audit has rendered the audit opinion contained herein. In accordance with Governmental Accounting Standards Board requirements this analysis includes a discussion of the significant changes between the two fiscal years ended June 30, 2006 and 2005 where appropriate.

### Fiscal Year 2006 Highlights

The following events or activities of financial significance occurred during the fiscal year ended June 30, 2006.

- The University engaged in significant capital asset acquisition, construction, and financing activities. Capital Assets, net of accumulated depreciation, grew from \$214,689,564 at June 30, 2005 to \$235,094,241 at June 30, 2006, an increase of \$20,404,677 or 9.50%. Current and Noncurrent Obligations for Bonds, Notes, and Leases Payable increased from \$111,415,906 at June 30, 2005 to \$133,390,301 at June 30, 2006, an increase of \$21,974,395 or 19.72%.
- The University completed construction projects totaling \$11,395,090. Projects in process but not yet completed totaled \$74,285,766 at June 30, 2006.

- The net assets of the University grew from \$176,434,471 at June 30, 2005 to \$187,422,867 at June 30, 2006, an increase of \$10,988,396 or 6.23%. University revenues and other additions from all sources during the year ended June 30, 2006 amounted to \$202,315,613 while expenditures and other deductions amounted to \$191,327,217.

## **Statement Discussion**

### *Statement of Net Assets*

The Statement of Net Assets is intended to display the financial position of the University. Its purpose is to present to the reader of the financial statements a benchmark from which to analyze the financial stability of the University. It is a “snapshot” of the University’s assets, liabilities, and net assets (assets minus liabilities) as of June 30, 2006, the last day of the fiscal year. Assets and liabilities are presented in two categories: current and noncurrent. Net assets are presented in three categories: capital assets net of related debt, restricted assets, and unrestricted assets. A more detailed explanation of these categories is found in the notes that accompany the financial statements.

Readers of the Statement of Net Assets can determine answers to the following key questions as of June 30, 2006:

**Did the University have sufficient assets available to meet its existing obligations and continue operation?**

**How much did the University owe to external parties including vendors and lending institutions?**

**What resources did the University have available to make future investments and expenditures?**

<b>Total Liabilities and Net Assets</b>	<b><u>\$ 341,893,008</u></b>	<b><u>\$ 308,758,697</u></b>	<b>10.73%</b>

The University's total assets increased from \$308,758,697 at June 30, 2005 to \$341,893,008 at June 30, 2006, an increase of \$33,134,311 or 10.73%. Capital Assets increased from \$214,689,564 at June 30, 2005 to \$235,094,241 at June 30, 2006, an increase of \$20,404,677 or 9.50%. Current Assets declined from \$40,331,876 at June 30, 2005 to \$35,630,816 at June 30, 2006, a decrease of \$4,701,060 or 11.66%. The University's Other Noncurrent Assets grew from \$53,737,257 at June 30, 2005 to \$71,167,951 at June 30, 2006, an increase of \$17,430,694 or 32.44%. These changes are reflective of the University's continued emphasis on the acquisition and construction of capital assets.

The University's total liabilities grew from \$132,324,226 at June 30, 2005 to \$154,470,141 at June 30, 2006, an increase of \$22,145,915 or 16.74%. Current Liabilities increased modestly from \$18,700,388 at June 30, 2005 to \$19,465,753 at June 30, 2006, an increase of \$765,365 or 4.09%. Noncurrent Liabilities grew from \$113,623,838 at June 30, 2005 to \$135,004,388 at June 30, 2006, an increase of \$21,380,550 or 18.82%. This is attributable to an increase of \$21,457,258 or 20.27% in Noncurrent Bonds, Notes, and Leases Payable, from \$105,879,630 to \$127,336,888 at June 30, 2005 and 2006, respectively. These changes resulted from the University's use of long term debt to finance the acquisition and construction of capital assets.

The University's total net assets increased from \$176,434,471 at June 30, 2005 to \$187,422,867 at June 30, 2006 an increase of \$10,988,396 or 6.23%. Net Assets Invested in Capital Assets, Net of Related Debt declined by \$20,039,199 or 15.49% while Restricted Net Assets increased by \$28,583,313 or 146.57%. The increase in Restricted Net Assets resulted primarily from the reservation of funds received through the issuance of debt for future construction activity. The decrease in Net Assets Invested in Capital Assets, Net of Related Debt is reflective of the recognition of the liability assumed by the issuance of debt. The University's Unrestricted Net Assets increased from \$27,574,101 at June 30, 2005 to \$30,018,383 at June 30, 2006, an increase of \$2,444,282 or 8.86%.

*Statement of Revenues, Expenses and Changes in Net Assets*

The total net assets as presented on the Statement of Net Assets are based in part on the financial activities that occurred during the fiscal year as presented in the Statement of Revenues, Expenses, and Changes in Net Assets. This statement's purpose is to present the revenues generated and received by the University, both operating and nonoperating, the expenses incurred by the University, both operating and nonoperating, and all other financial gains or losses experienced by the University during the fiscal year ended June 30, 2006.

Generally, revenues from operations are received in exchange for the University providing services or products to students and other constituencies. Operating expenses are those costs paid or incurred in producing those services or products or in carrying out the mission of the University. Nonoperating revenues are financial inflows to the University resulting from nonexchange transactions; that is, the University does not provide a specific service or product in exchange for them. For example, appropriations from the state are considered nonoperating revenue because the legislature does not receive a direct and commensurate benefit from the University in exchange for providing the appropriation.

**Highlights from the information presented in the Statement of Revenues, Expenses, and Changes in Net Assets for the fiscal year ended June 30, 2006 include the following:**

- **Tuition and Fees, Net of Scholarship Allowance** amounted to \$34,385,605 or 31.88% of Total Operating Revenues. Revenues from Grants and Contracts amounted to \$42,238,822 or 39.16% of Total Operating Revenues.
- **Personal Services expenses** totaled \$112,242,519 or 60.76% of Total Operating Expenses. Expenses for Supplies and Services totaled \$44,506,401 or 24.09% of Total Operating Expenses.

- Scholarships and Fellowships expenses totaled \$7,737,131 or 4.19% of Total Operating Expenses. Scholarships and Fellowship expenses amounted to 22.50% of Tuition and Fees revenue.
- The University's Loss from Operations amounted to \$76,883,967. State Appropriations, which are reported as Nonoperating Revenues totaled \$79,543,950. Federal Appropriations totaled \$504,267. Revenues and gains from all other sources amounted to \$14,411,571. Nonoperating Expenses, Other Expenses, and Other Losses amounted to \$6,587,425. These activities resulted in an increase in the University's Net Assets of \$10,988,396.

*Statement of Cash Flows*

The third and final statement presented is the Statement of Cash Flows. This statement presents detailed information about the University's financial activities from the perspective of their effect on cash. The information is presented in five components. The first presents cash inflows and outflows resulting from the University's normal operating activities. The second component presents cash flows from noncapital financing activities, that is, cash received from or spent for activities that do not result from normal operations, capital financing activities, or investing. The third component presents cash inflows and outflows resulting from capital and related financing activities such as debt issuance, lease agreements, and capital appropriations, grants, or gifts. The fourth component presents cash flows resulting from investing activities such as purchases and liquidations of investments and interest, gains, and losses generated by these activities. The fifth component of the Statement of Cash Flows is a reconciliation of the net operating revenues (expenses) for the fiscal year as reported on the Statement of Revenues, Expenses, and Changes in Net Assets to the net cash provided (used) by operating activities as presented in component one of the Statement of Cash Flows.

**Cash Flows for the Year Ended June 30, 2006**

<b>Cash Provided (Used) by:</b>	
<b>Operating Activities</b>	<b>\$ (68,767,483)</b>
<b>Noncapital Financing Activities</b>	<b>85,124,131</b>
<b>Capital and Related Financing Activities</b>	<b>11,919,296</b>
<b>Investing Activities</b>	<b>(22,705,662)</b>
<b>Net Increase (Decrease) in Cash</b>	<b><u><u>\$ 5,570,282</u></u></b>
<b>Cash - Beginning of the Year</b>	<b>\$ 16,964,924</b>
<b>Cash - End of the Year</b>	<b>\$ 22,535,206</b>

## **Capital Assets and Debt Administration**

The University continued its emphasis on the acquisition and construction of capital assets during the fiscal year ended June 30, 2006. As a result, the University's capital assets, net of accumulated depreciation increased from \$214,689,564 at June 30, 2005 to \$235,094,241 at June 30, 2006, an increase of \$20,404,677 or 9.50%. This was achieved through the application of proceeds from previously issued debt, the allocation of other university resources to this effort, and the issuance of new capital debt.

During the fiscal year ended June 30, 2006 the University issued new tax exempt bonds totaling \$48,730,000. Of this amount, \$22,560,000 was issued to advance refund existing debt. The University realized a net economic gain from this refunding of \$1,278,180. The remaining \$26,170,000 in new bond debt was issued to finance construction activities on the University's Beebe campus.

Additional information concerning the University's capital assets and debt administration activities may be found in Notes Number 4 and 5 in the notes that accompany the financial statements included herein.

### *Economic Outlook*

The economic outlook for the University is strong. The net assets of the University grew from \$176,434,471 at June 30, 2005 to \$187,422,867 at June 30, 2006, an increase of \$10,988,396 or 6.23%. Comparatively, the net assets of the University grew by only \$1,473,644 or .84% during the previous fiscal year ended June 30, 2005.

Enrollment across the Arkansas State University System increased from a confirmed total of 16,698 students during the Fall 2005 semester to a preliminary total of 17,400 during the Fall 2006 semester, an increase of 702 students or 4.20%. Enrollment growth is projected to continue at a modest pace during the next several years.

Economic conditions at the state and national level continue to be favorable with the state government of Arkansas experiencing significant growth in revenue collection. Continued strong performance by the equity and capital markets should provide additional resources to the University through improved returns on its investments and endowments. Recent moderations in the energy markets, particularly in natural gas prices, should assist the University with controlling utility costs.

On November 7, 2006 voters in Arkansas approved the issuance by the Arkansas Development Finance Authority of \$250,000,000 in higher education general obligation bonds for the purposes of financing technology and facility improvement projects for the state's institutions of higher education and financing the refunding of bonds issued under the Arkansas College Savings Bond Act of 1989. The Arkansas State University System anticipates receiving \$15,800,000 from this bond issue to finance technology and facility improvement projects on its campuses.

NOTE 1: Summary of Significant Accounting Policies

Reporting Entity

Arkansas State University ("the University"), an Institution of Higher Education of the State of Arkansas, developed from one of four (4) State agricultural schools established in 1909 by an act of the Arkansas General Assembly.

The University opened as a vocational high school in 1910 and was reorganized as a junior college in 1918. The name was changed to State Agricultural and Mechanical College by an act of the Legislature in 1925. Authority to extend the curriculum, offer senior college work, and grant degrees were granted in 1931. In 1933, the Legislature changed the name of the College to Arkansas State College. In January 1967, the Legislature passed an act authorizing a change in the name of Arkansas State College to Arkansas State University, effective July 1, 1967.

A branch campus at Beebe, Arkansas was added to Arkansas State College by an act of the General Assembly of the State of Arkansas in 1955. The branch campus was designated as Arkansas State College-Beebe Branch. Under the provisions of Ark. Code Ann. 6-53-405, White River Technical College was consolidated with Arkansas State University-Beebe campus effective July 1, 1992 and named Arkansas State University-Newport. Act 90 of 2001 eliminated the word "branch" from the references to campuses of Arkansas State University. Subsequently, the Newport campus separated itself from Beebe to become a stand-alone campus. ASU-Heber Springs, a Center of ASU-Beebe, was officially established by Act 426 of 1999 in response to the community's desire to have a two-year college presence in Cleburne County. Effective July 1, 2003, Foothills Technical Institute in Searcy merged with ASU-Beebe to become ASU-Searcy, a Technical Campus of ASU-Beebe.

Effective July 1, 1992, Arkansas State University began administrative operations at a Mountain Home campus. On October 19, 1993, the voters of Baxter County authorized the levy of a two (2) mill tax to support operations at the Arkansas State University-Mountain Home campus.

Effective July 1, 2001, Delta Technical Institute was merged to the University to become the Arkansas State University Technical Center.

The governing body of the University is the Board of Trustees comprised of five (5) members.

The Arkansas State University Foundation, Inc. (the Foundation) is a legally separate, tax-exempt component unit of Arkansas State University (the University). The Foundation acts primarily as a fund-raising and asset management organization to develop and supplement the resources that are available to the University in support of its mission and programs. The 33 member board of the Foundation is self-perpetuating and consists of graduates and friends of the University. Although the University does not control the timing or amount of receipts from the Foundation, the majority of resources, or income thereon, that the Foundation holds and invests are restricted to the activities of the University by donors. Because these restricted resources held by the Foundation may only be used by, or for the benefit of the University, the Foundation is considered a component unit of the University under the guidelines established by Governmental Accounting Standards Board (GASB) Statement Number 39, *Determining Whether Certain Organizations are Component Units*. Accordingly, the financial statements of the Foundation are discretely presented in the University's financial statements in accordance with the provisions of GASB Statement Number 39.

During the year ended June 30, 2006, the Foundation transferred property, equipment and funds of \$1,539,939 to the University for proper accountability and academic support. Complete financial statements for the Foundation may be obtained from the Foundation at P. O. Box 1990, State University, AR 72467-1990.

The Foundation reports under Financial Accounting Standards Board (FASB) standards, including FASB Statement No. 117, *Financial Reporting for Not-for-Profit Organizations*. As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. No modifications have been made to the Foundation's financial information in the University's financial statements.

NOTE 1: Summary of Significant Accounting Policies (Continued)

Financial Statement Presentation

In June 1999, the Governmental Accounting Standards Board issued Statement No. 34, *Basic Financial Statements - and Management Discussion and Analysis - for State and Local Governments*. GASB Statement No. 35, *Basic Financial Statements - and Management's Discussion and Analysis - for Public Colleges and Universities*, followed this in November 1999. The financial statement presentation required by GASB No. 34 and No. 35 provides a comprehensive, entity-wide perspective of the University's assets, liabilities, net assets, revenues, expenses, changes in net assets and cash flows.

Basis of Accounting

For financial reporting purposes, the University is considered a special-purpose government engaged only in business-type activities. Accordingly, the University's financial statements have been presented using the economic resources focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation is incurred.

The consolidated University financial statements were prepared from the separate statements of the four (4) campuses. Other than the receipt and disbursement of student financial aid between the campuses, financial transactions among the campuses were not considered material in amount or consequence and, accordingly, were not eliminated from the consolidated statements.

The University may choose whether to apply pronouncements of the FASB issued after November 30, 1989 unless those pronouncements conflict with pronouncements of the GASB. The University has elected to not apply pronouncements of the FASB issued after November 30, 1989.

Capital Assets and Depreciation

Land, buildings, improvements and infrastructure, equipment, audiovisual holdings and construction in progress are recorded at cost at the date of acquisition or fair market value at the date of donation in the case of gifts. Livestock held for educational purposes is recorded at cost or estimated fair value. Library holdings are recorded at cost or a stated rate per volume. Library holdings that are capitalized do not include periodicals, microfilm, microfiche and government documents. The University's capitalization policy for equipment is to record, as assets, any items with a unit cost of more than \$2,500 and an estimated useful life greater than one year. Improvements to buildings, infrastructure, and land that significantly increase the value or extend the useful life of the asset are capitalized. Routine repairs and maintenance are charged to operating expense when incurred.

Depreciation is calculated using the straight-line method over the estimated lives of the assets, generally 15 to 30 years for buildings, 15 years for improvements and infrastructure, 10 years for library and audiovisual holdings, and 3 to 20 years for equipment. Capital assets are presented net of accumulated depreciation where applicable.

Operating and Nonoperating Revenues

Revenues of the University are classified as either operating or nonoperating according to the following criteria:

Operating Revenues: Operating revenues result from activities that have characteristics of exchange transactions; that is the University receives payment in exchange for providing services or products to students or other constituencies. Student tuition and fees, net of scholarship discounts and allowances, sales and services of auxiliary operations, net of scholarship discounts and allowances, and most federal, state, local and private grants are the main categories of operating revenues for the University.

ARKANSAS STATE UNIVERSITY SYSTEM  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2006

NOTE 1: Summary of Significant Accounting Policies (Continued)

Operating and Nonoperating Revenues (Continued)

Nonoperating Revenues: Nonoperating revenues are those revenues that result from nonexchange transactions or from activities specifically defined as nonoperating by the GASB. Examples of nonoperating revenues include state appropriations, sales and use taxes, property taxes and investment income. State appropriations from the state are considered nonoperating under the definitions set forth by the GASB because the University does not provide a direct and commensurate benefit to the legislature in exchange for them.

Cash Equivalents

For purposes of the statement of cash flows, the University considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

Accounts Receivable

Accounts receivable consists of assets the University is legally entitled to, but for which payment has not been received as of the close of the fiscal year at June 30, 2006. The various sources of the University's receivables are detailed in a subsequent note. Receivables are presented net of any estimated uncollectible amounts in accordance with generally accepted accounting principles.

Investments

The University accounts for its investments, except for nonparticipating contracts, at fair value in accordance with GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*. Changes in unrealized gain (loss) on the carrying value of investments are reported as a component of investment income in the Statement of Revenues, Expenses and Changes in Net Assets. Nonparticipating contracts are reported at cost.

It is the University's policy to report all endowment funds, administered by other parties for investment purposes, as investments in the financial statements.

Inventories

Inventories are valued at cost with cost being generally determined on a first-in, first out or average basis.

Noncurrent Cash and Investments

Cash and investments that are externally restricted for endowment scholarships and other purposes or to purchase or construct capital assets, are classified as noncurrent assets in the Statement of Net Assets. Additionally, this classification includes other long-term investments with original maturity dates greater than one year.

Restricted/Unrestricted Resources

The University has no formal policy addressing which resources to use when both restricted and unrestricted net assets are available for the same purpose. University personnel decide which resources to use at the time expenses are incurred.

NOTE 1: Summary of Significant Accounting Policies (Continued)

Deferred Revenues

Deferred revenues consist primarily of amounts received prior to the end of the fiscal year for tuition and fees and certain auxiliary activities that relate to a subsequent accounting period. For example, payments for tuition and fees for the second summer term or season football tickets for the upcoming fall season received prior to June 30, 2006 are treated as deferred revenues. They are considered liabilities of the University until earned.

Compensated Absences Payable

Employee annual and sick leave earned, but not paid, and related matching costs are recorded as a liability and expense on the University's financial statements as required by generally accepted accounting principles. An estimate is made to allocate this liability between its current and noncurrent components.

Deposits with Trustees

Deposits with trustees are externally restricted and held by various banks for the University. They are maintained in order to make debt service payments, to maintain sinking or reserve funds as required by bond covenants, or to purchase or construct capital assets.

Noncurrent Liabilities

Noncurrent liabilities include (1) principal amounts of bonds payable, notes payable, and capital lease obligations with contractual maturities greater than one year; (2) estimated amounts for accrued compensated absences and related matching costs and other liabilities that will not be paid within the next fiscal year; and (3) the refundable federal portion of the Perkins Loan Program.

Property Taxes

Property taxes are levied in November based on property assessment made between January 1 and May 31 and are an enforceable lien on January 1 for real property and June 1 for personal property. The tax records are opened on the first business day of March of the year following the levy date and are considered delinquent after October 10 of the same calendar year.

Sales and Use Taxes

Effective January 2003, the electors of Jackson County, by a majority vote, approved the levy of a one-half of one percent (1/2%) sales and use tax for the ASU-Newport campus. This tax will be utilized for capital improvements and operation and maintenance. Additionally, the electors of Cleburne County approved the levy of a one-half of one percent (1/2%) sales and use tax for the Heber Springs campus. The tax will also be utilized for capital improvements and operation and maintenance.

Funds Held in Trust for Others

The University holds deposits as custodian or fiscal agent for students, student organizations, and certain other organized activities related to the University.

Net Assets

The University's net assets are classified as follows:

Invested in Capital Assets, Net of Related Debt: This classification represents the University's total investment in capital assets, net of outstanding debt obligations related to those assets. To the extent debt has been incurred but not yet expended for capital assets, such amounts are not included in this category.

 NOTES TO FINANCIAL STATEMENTS

NOTE 1: Summary of Significant Accounting Policies (Continued)

Restricted Net Assets: Within this classification there are two (2) categories of net assets:

Restricted, expendable: Restricted expendable net assets include resources for which the University is legally or contractually obligated to spend only in accordance with restrictions imposed by external parties.

Restricted, nonexpendable: Nonexpendable restricted net assets consist of endowment and similar type funds for which donors or other external parties have stipulated that the principal or corpus is to be maintained inviolate and in perpetuity and invested only for the purpose of producing income which may either be expended in accordance with the donors' or external parties' stipulations or added to the principal.

Unrestricted Net Assets: Unrestricted net assets represent resources of the University that are unrelated to capital items and not externally restricted. These resources may be expended at the discretion of the University's governing board in the educational and general operations of the University and in furtherance of its mission.

Scholarship Discounts and Allowances

Student tuition and fees, and certain other revenues received from students are reported net of scholarship discounts and allowances in the Statement of Revenues, Expenses and Changes in Net Assets. Scholarship discounts and allowances are the difference between the University's stated rates and charges and the amount actually paid by students and/or third parties making payments on behalf of the students. Under this approach, scholarships awarded by the University are considered as reductions in tuition and fee revenues rather than as expenses. Additionally, certain governmental grants, such as Pell grants, and payments from other federal, state or nongovernmental programs, are required to be recorded as either operating or nonoperating revenues in the University's financial statements. To the extent that revenues from such programs are applied to tuition, fees, and other student charges, the University has reported a corresponding scholarship discount or allowance.

NOTE 2: Public Fund Deposits and Investments

Cash deposits are carried at cost. The University's cash deposits at year-end are shown below:

	Carrying Amount	Bank Balance
Insured (FDIC)	\$ 2,254,830	\$ 2,254,830
Collateralized:		
Collateral held by the pledging bank or pledging bank's trust department in the University's name	45,526,208	48,445,442
Uninsured and uncollateralized	10,835	10,835
Total Deposits	\$ 47,781,038	\$ 50,711,107

The above deposits do not include cash on deposit in the state treasury, cash on hand maintained by the University and cash equivalents in the amounts of \$4,818,173, \$97,295 and \$4,313,564 for the year ended June 30, 2006, respectively. Cash equivalents primarily consisted of the short-term Common Fund account. The above total deposits include certificates of deposits of \$34,465,891 reported as investments and deposits with trustee and classified as nonparticipating contracts. Additionally, the deposits include money market checking accounts of \$8,973 reported as deposits with trustee.

NOTE 2: Public Fund Deposits and Investments (Continued)

Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a bank failure, the University's deposits may not be returned to it. It is the University's policy to require full collateralization above the Federal Deposit Insurance Corporation (FDIC) insurance limits. As of June 30, 2006, \$10,835 of the University's bank balance of \$50,711,107 was exposed to custodial credit risk as follows:

Uninsured and uncollateralized	<u>\$10,835</u>
--------------------------------	-----------------

Short-Term Common Fund Account

The University had \$4,313,513 invested in the Short-Term Common Fund account at June 30, 2006. The Short-Term Common Fund account is subject to regulation by the Comptroller of the Currency.

Credit risk - The Short-Term Common Fund is restricted to investments in U.S. Treasury and government agency securities, high quality corporate securities, mortgage-backed and asset-backed securities, and commercial and bank paper. The average credit quality rating of the investment portfolio of this fund is AAA.

Interest rate risk - The portfolio of the Short-Term Common Fund had an effective duration of 2.86 years.

Deposits with Trustee

At June 30, 2006, the University's deposits with trustee, excluding nonnegotiable certificates of deposit and money market checking accounts, of \$9,835,866 were invested in the Federated Treasury Obligations Fund, a money market treasury. The money market fund was rated AAAM by Standard and Poor's and Aaa by Moody's Investors Service and consisted of short-term repurchase agreements and U.S. Treasuries. The effective average maturity was approximately seventeen (17) days.

The deposits with trustee consisted of funds either obligated as debt reserves for the University's bond issues or earmarked for specific capital projects.

University Investments (Excluding Endowment Funds)

At June 30, 2006, the University's investments, excluding endowment funds, consisted of corporate bonds of \$2,206,662 and U.S. agencies of \$8,503,887. The corporate bonds will mature as follows:

Less than one year - \$485,783
1-5 years - \$1,140,404
6-10 years - \$580,475

The U.S. agencies will mature as follows:

Less than one year - \$82,334
1-5 years - \$7,414,781
6-10 years - \$863,569
Greater than 10 years - \$143,203

Credit risk - The credit quality ratings of the corporate bonds ranged from B- to AAA by Standard and Poor's and Caa1 to AAA by Moody's Investors Service. The credit quality ratings of the U.S. agencies were AAA by Standard and Poor's and Aaa by Moody's Investors Service.

ARKANSAS STATE UNIVERSITY SYSTEM  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2006

NOTE 2: Public Fund Deposits and Investments (Continued)

Interest rate risk - The corporate bonds had an estimated weighted average maturity of 2.98 years at June 30, 2006. The U.S. agencies had an estimated weighted average maturity of 3.45 years. The University's investment policy does not specifically limit operating investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The investment policy states the portfolio shall be designed to attain an above market rate of return throughout budgetary and economic cycles, taking into account investment risk constraints and cash flow requirements.

Concentration of credit risk - The University does not limit the amount of operating funds invested in any one issuer. More than five percent of the University's investments were in the Federal Home Land Bank (FHLB), Federal National Mortgage Association (FNMA) and the Federal Farm Credit Banks (FFCB). These investments were 18.7%, 11.5% and 5% of the University's total investments, respectively.

Endowment Investments

Except for the endowment investments at the Beebe campus, which consisted of nonnegotiable certificates of deposit of \$124,770 and the investments of the R.E. Lee Wilson, Sr. Trust, all remaining endowment funds are included in an investment pool administered by the Arkansas State University Foundation, Inc. The University's portion of the investment pool was 18.23% or \$6,610,018 and consisted of the following types of investments:

- Mutual funds under the direction of the Common Fund and TIAA/CREF investment asset managers - \$6,468,296
- Real estate investments - \$80,726
- Endowment Energy Partners III, LP - \$11,685
- Cash equivalents - \$49,311

Credit risk - Applicable investments of the Common Fund portfolio had an average quality rating of AA, while applicable investments of the TIAA/CREF portfolio had an average quality rating of B1 to AA1.

Interest rate risk - Applicable investments of the Common Fund portfolio had a weighted average maturity of 7.85 years and an effective duration of 4.41 years. Applicable investments of the TIAA/CREF portfolio had a weighted average maturity of 6.9 to 7.3 years and an effective duration of 4.5 to 4.7 years. The University's investment policy does limit endowment investment maturities to 30 years and requires interest on cash equivalents to be benchmarked to the 90 day Treasury Bill index.

R.E. Lee Wilson, Sr. Trust Investments

The R.E. Lee Wilson, Sr. Trust of \$3,585,340 consisted of the following types of investments held in trust by a third party:

- Mutual funds - \$2,257,999
- Corporate Bonds - \$1,023,809
- Cash equivalents - \$203,927
- U.S. Treasury Bond - \$99,605

The corporate bonds will mature as follows:

- Less than one year - \$99,699
- 1-5 years - \$924,110

Credit risk - The credit quality ratings of the corporate bonds ranged from A to AAA by Standard and Poor's and A2 to Aaa by Moody's Investor Services.

Interest rate risk - The trust portfolio consists of corporate bonds that had an estimated weighted average maturity of 2.9 years at June 30, 2006 and one U.S. Treasury bond that will mature on August 31, 2006.

Advance Refunding of Debt

On September 15, 2005, the University issued \$3,330,000 in refunding bonds, for the Beebe campus, with interest rates of 2.8 to 4.15 percent to advance refund \$3,300,000 of outstanding bonds dated December 1, 1998 with interest rates of 3.85 to 5%. Net bond proceeds of \$3,226,878, with a contribution from the University of \$136,000, were used to advance refund the 1998 bonds. As a result, the 1998 bonds are considered to be defeased and the liability for these bonds has been removed from the long-term debt. An additional \$4,693 was received by the University as a result of the refunding to be applied for debt service of the new issue. The 1998 bonds were called for redemption on October 15, 2005. The University advance refunded the bonds to reduce its total debt service payments over the next nineteen (19) years by \$432,696 and to obtain an economic gain of \$171,960.

On September 15, 2005, the University issued \$19,230,000 in refunding bonds, for the Jonesboro campus, with interest rates of 3 to 5 percent to advance refund \$14,365,000 of outstanding bonds dated May 1, 1999 and \$4,895,000 dated April 1, 2000 with interest rates of 3.5 to 6.125%. Net bond proceeds of \$18,847,816, after payment of \$382,184 bond issuance costs, and a premium of \$1,519,046 were remitted to an escrow agent to provide for all future payments of the defeased bonds. The May 1, 1999 bonds will be called on April 1, 2007 and the April 1, 2000 bonds will be called on April 1, 2008. The University advance refunded the bonds to reduce its total debt service payments by \$1,135,795 over the next nineteen (19) years and to obtain an economic gain of \$1,106,220. The University received accrued interest of \$34,936 from the bond issue to apply toward the debt payments of the new issue.

At June 30, 2006, the outstanding principal of the May 1, 1999 and the April 1, 2000 bonds was \$13,875,000 and \$4,755,000, respectively. U.S. Treasury obligations of \$19,132,421, purchased by the escrow agent, were pledged for the retirement of these bonds.

Arkansas State University-Searcy (formerly Foothills Technical Institute) is required to contribute thirteen percent (13%) of the principal and interest payments. The final payment of \$8,418 was made on October 1, 2006.

NOTE 8: Retirement Plans

Teachers Insurance and Annuity Association/College Retirement Equities Fund (TIAA/CREF)

Plan Description. The University participates in TIAA/CREF, a defined contribution plan. The plan is a 403(b) program as defined by Internal Revenue Service Code of 1986 as amended, and is administered by TIAA/CREF. TIAA is an insurance company offering participants a traditional annuity with guaranteed principle and a specific interest rate plus the opportunity for additional growth through dividends. CREF is an investment company which offers a variable annuity. Arkansas law authorizes participation in the plan.

Funding Policy. TIAA/CREF has contributory and non-contributory plans. Contributory members select the percentage of their gross salaries to contribute based on current regulations. The University contributes 10% to 12% of earnings for all applicable employees. The University's and participants' contributions for the year ended June 30, 2006 were \$5,607,069 and \$5,049,014, respectively.

NOTE 8: Retirement Plans (Continued)

Arkansas Teacher Retirement System

Plan Description. The University contributes to the Arkansas Teacher Retirement System (ATRS), a cost-sharing multiple-employer defined benefit pension plan for employees who do not elect a qualified alternative retirement plan. ATRS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit and contribution provisions are established by State law and can be amended only by the Arkansas General Assembly. The Arkansas Teacher Retirement System issues a publicly available financial report that includes financial statements and required supplementary information for ATRS. That report may be obtained by writing to Arkansas Teacher Retirement System, 1400 West Third Street, Little Rock, Arkansas 72201 or by calling 1-800-666-2877.

Funding Policy. ATRS has contributory and non-contributory plans. Contributory members are required by law to contribute 6% of their salaries. Each participating employer is required by law to contribute at a rate established by the Arkansas General Assembly. The current employer rate is 14%. The University's contributions to ATRS for the years ended June 30, 2006, 2005 and 2004 were \$809,224, \$694,198 and \$578,377, respectively, equal to the required contributions for each year.

Arkansas Public Employees Retirement System

Plan Description. The University contributes to the Arkansas Public Employees Retirement System (APERS), a cost-sharing multiple-employer defined benefit pension plan. Employees may elect coverage under APERS as a qualified retirement system. APERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit and contribution provisions are established by State law and can be amended only by the Arkansas General Assembly. The Arkansas Public Employees Retirement System issues a publicly available financial report that includes financial statements and required supplementary information for APERS. That report may be obtained by writing to Arkansas Public Employees Retirement System, One Union National Plaza, 124 W. Capitol, Little Rock, Arkansas 72201 or by calling 1-800-682-7377.

Funding Policy. APERS has contributory and non-contributory plans. Contributory members are required by law to contribute 6% of their salaries. Each participating employer is required by law to contribute at a rate established by the Arkansas General Assembly. The current statutory employer rate is 12.54% of annual covered payroll. The University's contributions to APERS for the years ended June 30, 2006, 2005 and 2004 were \$926,668, \$851,549 and \$771,077, respectively, equal to the required contributions for each year.

Variable Annuity Life Insurance Company (VALIC)

Plan Description. The University contributes to VALIC, a defined contribution plan. The plan is a 403(b) program as defined by Internal Revenue Service Code of 1986 as amended, and is administered by VALIC. VALIC provides insurance policies that become the property of the participant when issued.

Funding Policy. VALIC has contributory and non-contributory plans. Employees select the percentage of their gross salaries to contribute based on current regulations. The University's contributory rate is 10% or 12% for all applicable employees. Vesting occurs for all participants immediately. The participants' and the University's contributions for the year ended June 30, 2006 were \$697,303 and \$824,117, respectively.

NOTE 12: Other Post Employment Benefits

The University contributes to health and life insurance premiums (individual or family coverage) for all employees who retire between the ages of 55 and 65 with at least 10 years of service. These contributions are paid until the retiree is 65 years of age. The University also contributes to health and life insurance premiums for one year for those employees who are determined to be eligible for disability. At June 30, 2006, the number of retirees who were eligible for these benefits totaled 116. The University also pays life insurance premiums for certain retirees under a plan no longer utilized by the University. These premiums are paid until the retiree's death. At June 30, 2006, the number of retirees eligible for these benefits totaled 7. All premiums for these benefits described above were paid monthly and financed on a pay-as-you-go basis. These premiums, paid by the University and the retirees, totaled \$525,164 for the year ended June 30, 2006. Of this amount, the University's contribution was \$357,655.

NOTE 13: Arkansas Services Center

On October 8, 1968, an agreement was signed by Arkansas State University, Arkansas State Hospital, Arkansas Department of Public Welfare, Arkansas State Board of Vocational Education and Craighead County, Arkansas to raise money for the construction of the Arkansas Services Center. This project was financed from the proceeds of a bond issue by Arkansas State University, grants and legislative appropriations by the agencies. With the exception of Craighead County, Arkansas, the participants signed lease agreements for 40 years (the bond term) with rentals and revenues thereof, sufficient to maintain the facility and retire the bonds.

Arkansas State University maintains the financial records of the Arkansas Services Center. Operating revenues are derived solely from agency rentals and vending income. All financial activity relating to the Arkansas Services Center is reflected in the accompanying financial statements as auxiliary enterprises.

NOTE 14: Self-insurance Program

Beginning July 1, 1994, Arkansas State University established a self-funded health benefit plan for employees and their eligible dependents. All campuses of the University participate in the program, which is administered by USABLE and NOVA administrators.

There are three plans available to employees. These include: Classic I – Blue Advantage, True Blue PPO - Blue Advantage and Classic II – NovaSys. At June 30, 2006, approximately 3,848 active employees, their dependents, former employees and retirees were participating in the program. For all plans, the University pays 94% of the total premium for full-time employees and early retirees, and 72% of the total premium for dependents, while former employees, through COBRA, may participate on a fully contributory basis.

The University estimates its unpaid health claims liability beyond the experience period to be \$799,165 with Blue Advantage and \$24,297 with NovaSys.

The University purchases specific and aggregate reinsurance to reduce its exposure to large claims. HCC Life Insurance Company was chosen as the reinsurance carrier. Under the specific arrangement, the reinsurance carrier pays for claims for covered employees that exceed \$125,000.

ARKANSAS STATE UNIVERSITY SYSTEM  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2006

NOTE 15: Endowment Funds

The University has donor-restricted endowment funds. Investment income on the amount endowed is restricted for scholarships and other purposes. All endowment funds are maintained as investments. Investments reported at fair value, include U. S. Government obligations, common stock, mutual funds and other managed investments. The endowment net assets at June 30, 2006 were \$9,864,015. Of this amount, \$9,073,151 was nonexpendable and the remaining \$790,864 was expendable.

State law allows a governing board to expend a portion of the net appreciation in the fair value of the assets over the historic dollar value of the fund unless the applicable gift document states otherwise. State law stipulates that such expenses are to be for the purpose for which the endowment funds were established.

It is the University's policy for annual expenses from the endowment funds not to exceed 4.5% of the five (5) year average market value as determined at December 31. In periods with no market value appreciation, the University limits the spending to actual income generated by the endowment fund assets.

NOTE 16: Subsequent Events

- (a) On July 6, 2006, the construction contract for a building at the Beebe campus was increased by \$8,303,104.
- (b) On July 28, 2006, the construction contract for a building at the Beebe campus - Heber Springs center was increased by \$11,477,241.
- (c) On August 21, 2006, the University accepted a bid of \$127,817 for the renovation of a warehouse storage facility at the Newport campus.

NOTE 17: Deficit Net Assets

The financial statements reflect deficit net assets, restricted – expendable for debt service, of \$385,539. This deficit is a result of interest payable reflected as a current liability that will primarily be funded by subsequent transfers from the University to the bond trustee accounts.
