**Independent Accountant's Compilation Report**

To the Mayor, City Council and Management of  
City of Ash Flat, Arkansas Water and Sewer Funds  
Ash Flat, Arkansas

Management is responsible for the accompanying financial statements of City of Ash Flat, Arkansas Water and Sewer Funds, which comprise the statement of net position as of December 31, 2017, and the related statement of revenues, expenses and changes in net position for the year then ended in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statements nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on these financial statements.

A statement of cash flows for the year ended December 31, 2017, has not been presented. Accounting principles generally accepted in the United States of America require that such a statement be presented when financial statements purport to present financial position and results of operations.

Management has elected to omit substantially all of the disclosures required by accounting principles generally accepted in the United States of America. If the omitted disclosures were included in the financial statements, they might influence the user's conclusions about the Department's financial position and results of operations. Accordingly, the financial statements are not designed for those who are not informed about such matters.

**Required Supplementary Information**

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Government Accounting Standards Board who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. Our opinion on the basis financial statements is not affected by this missing information.
